MEMORANDUM FOR MR. TOLSON

Miss Eileen Morris of the News Week called stating they had a report to the effect that Leo Laughlin was heading a special Japanese Section in the Bureau and getting ready to take sharp action against the Japanese in Hawaii. She wanted to know if there was anything to this.

I told her that we did have a Leo Laughlin in the service; that he was assigned to the Seat of Government but that he was not the head of any special Japanese Section; that this work was handled under the National Defense Division of the Bureau; that any talk about sharp action against the Japanese in Hawaii was probably imaginative since the Army has primary responsibility as Hawaii is under martial law.

Miss Morris then stated that this report had emanated from Washington and that their New York Office stated it came from a doubtful correspondent.

Respectfully,

L. B. Nichols

ADDENDUM 3/31/42 mm:

I talked to Leo Laughlin with reference to the above matter on March 31, 1942, and he immediately stated that undoubtedly any such statements must have come from John Williams, who was in newspaper reporting and who spent considerable time in Hawaii. Laughlin has interviewed Williams on several occasions in connection with Japanese matters when he has called at the Bureau and by reason thereof he knows that Laughlin is handling Japanese work for the Bureau. Laughlin further informed me that he knows that John Williams has been doing some writing for News Week Magazine and it, therefore, appeared that Williams has been doing some unnecessary talking. Mr. Kimball is going to talk to Williams the next time he calls at the Bureau and tell him that he cannot and must not use any names of Bureau people and must not refer to his calls at the Bureau.

MEMORANDUM FOR THE DIRECTOR

Pursuant to the instructions of Mr. L. B. Nichols, the writer accompanied Mrs. H. J. Treacy, Jr., from her residence in Washington, D. C., to the home of Agent Treacy's mother at 1370 Gibson Avenue, Far Rockaway, New York, and remained with her practically during the entire time until her return to Washington on the evening of March 17, 1942.

Agent Treacy's mother and family, as well as his wife and her family, frequently mentioned all that you and the Bureau were doing for them in their hours of sorrow. They were particularly grateful for the telegrams you sent to both Mrs. Treacy, Jr., and Mrs. Treacy, Sr. They also were most appreciative of the beautiful flowers which were sent by you and your associates. The families were deeply touched by these remembrances and were most thankful for your personal attendance at the funeral.

Both families expressed sincere gratitude to the Bureau for permitting the writer to attend as the Bureau's representative. They requested that the writer express to you their sincerest thanks for everything which you and the Bureau did for them.

As a matter of information, you may be interested in knowing that forty of the Field Offices remembered Agent Treacy with floral and other offerings. These expressions of sympathy from the Bureau were also deeply appreciated.

You may be interested in also knowing that the Very Reverend Robert S. Lloyd, S.J., sent a telegram to the Treacy family in which he stated that he joined you and Agent Treacy's other associates in the Bureau in expressing his sincerest sympathy. As you may recall, Agent Treacy was a former Georgetown student.

The writer wishes to express his personal appreciation for the honor of representing the Bureau on this occasion. I was intimately acquainted with Agent Treacy, and his wife's family have been my closest friends for a number of years.

I should deem it a real privilege to perform any further action which you might desire in this matter.

Respectfully,

L. L. Laughlin

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today. Up to the present time the full complement of Special Agent personnel has not been secured and every effort is being made to secure the necessary additional Special Agent personnel.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Mr. Laughlin is a Special Agent and as such holds a key position as designated by the Review Committee of the War Manpower Commission within the meaning of Executive Order 9309. The performance of his duties is essential and critical to the execution of the work assigned by law and Executive Directive to the Federal Bureau of Investigation.

To the Federal Bureau of Investigation is assigned the responsibility of investigating all acts of espionage, sabotage and all actions tending to undermine the internal security of the nation. We must also investigate and enforce all those federal statutes assigned to the investigative jurisdiction of this Bureau such as: bank robbery, kidnaping, interference with the interstate transportation of goods, National Stolen Property Act, White Slave Traffic Act, etc., the enforcement of which is necessary to the preservation of the national health, safety and interest.

To carry on this work it is necessary to maintain a corps of trained investigators. Mr. Laughlin is such a trained investigator. In the attached Form 42 S further information relative to Mr. Laughlin is set forth.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions,

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 25th day of February 1944

MEMORANDUM FOR MR. Tamm

RE: SPECIAL AGENT
LEO L. LAUGHLIN

I would like to suggest that, when and if a vacancy occurs in one of the smaller field offices, Special Agent Leo L. Laughlin be considered for designation as SAC. His work in the Security Division has been particularly good and he has a very good record with the Bureau. I believe he would be entirely capable of handling the position of SAC in one of the smaller field offices.

EOD December 2, 1935

There is little comment that can be added to the remarks which have already been made concerning Agent Laughlin's abilities as a Supervisor at the Seat of Government. He has been assigned to the Espionage Section of the Security Division since March 10, 1941.

His considerable field of experience, both investigative and supervisory, together with the thorough knowledge of the Bureau's work at the Seat of Government which he possesses, makes him a most valuable supervisor. He functions with a minimum of supervision. His dictation and paper work are excellent. There is no question but that this Agent could handle practically any assignment given him.

During his assignment at the Seat of Government, he has had occasion to handle at least two special assignments involving field investigations, namely the Fred W. Sheppert special inquiry and the case involving Charles Eugene Bedaux. These investigations were handled in a manner displaying a considerable amount of ability and judgment.

Dear Mr. Laughlin:

The Bureau has considered your suggestion that the personnel status reports be amended to include the telephone number of the person to be notified in case of emergency. Although in some instances the telephone number of the person to be notified would be beneficial, it is felt that the advantages of this requirement would not justify the additional recording and changes which would be necessary. For your information, the Bureau has had no difficulty in locating the person to be notified.

Although the Bureau has been unable to adopt your suggestion, the interest which prompted you in bringing this matter to my attention is deeply appreciated.

With best wishes and kind regards,

Sincerely yours,

Dear Mr. Hoover:

It is suggested that consideration be given to amending Subsection "k" of Part 5 of Section 4B (Personal Status Reports) of the Manual of Rules and Regulations to include the telephone number of the person to be notified in case of an emergency, the new section to read as follows:

"k. Name, address, Telephone number, and relationship of person to be notified in case of emergency."

It is believed that the addition of the telephone number to this section would considerably expedite the imparting of information to the interested individual in the event of an emergency.

Attached is a permanent brief of Agent Laughlin's file, prepared by the Chief Clerk's Office on January 12, 1944, on which the Director noted; "This man should be kept in mind for additional responsibilities"

In a memorandum dated January 11, 1944 Mr. Hicks advised that Mr. Laughlin could be considered a good instructor, based on observations made by representatives of the Training Division during the past year.

In a memorandum for Mr. Tamm dated February 18, 1944, Mr. Ladd stated that the work of SA Laughlin in the Security Division had been particularly good, and in view of this Mr. Ladd believed that Agent Laughlin was capable of handling the position of SAC in one of the smaller field offices.

MEMORANDUM FOR MR. TOLSON

I recommend the following personnel changes:

1. That SAC Alan H. Belmont be transferred from Cincinnati to New York as Assistant Special Agent in Charge to replace Burton F. Wiand. It is believed he would fit very well into the New York picture. He was designated Special Agent in Charge at Cincinnati on January 15, 1943 and the office was inspected in April 1943 by Mr. Gurnea who found it to be only in fair condition due to quite a number of administrative delinquencies. No action was taken against Belmont, however, since it was his first office as Special Agent in Charge and most of the delinquencies had been present at the time he took it over. He had also been absent for approximately six weeks of the time he was in charge. He makes an excellent appearance and his work as a Supervisor at New York for eighteen months in 1941 and 1942 was entirely satisfactory.

2. That SAC Thomas E. Naughten be transferred from Omaha to Cincinnati as Special Agent in Charge. Naughten entered on duty as a clerk on March 27, 1935 and as an Agent on November 1, 1938. He has served in various offices and from May 21, 1941 until September 29, 1941 was Assistant Special Agent in Charge at Juneau. On the latter date he was made Assistant Special Agent in Charge at Seattle in which capacity he functioned until May 3, 1943. He has received inspection training and has capably assisted on several field office inspections. Since December 5, 1943 he has been Special Agent in Charge at Omaha and when that office was inspected in March 1944 it was found to be in good condition. Mr. Scheidt at that time indicated Naughten had a good knowledge of all phases of the Bureau's work and had been applying himself diligently and conscientiously to the job, winning the confidence of both clerical and Agent employees. Scheidt felt that he had further possibilities. He made a particularly good impression during the recent SAC Conference and the Director commented that he definitely had an excellent future in the Bureau and should in due time be considered for assignment to an office larger in size and of a more important field. I feel that Naughten could very capably handle the Cincinnati Office.

3. That ASAC Duane L. Traynor be transferred from St. Paul to Omaha as Acting SAC. Traynor entered on duty as an Agent on

August 2, 1937 and after serving in various offices was made Assistant Special Agent in Charge at San Diego on December 3, 1939. He was then transferred to the Security Division as a Supervisor on June 26, 1940 and on January 2, 1942 was made a Section Chief. On August 16, 1942 he was reallocated to Grade CAF 13, \$5600. He did a thoroughly good job in this capacity as a result of which he was designated Acting Special Agent in Charge of the Buffalo Office on January 3, 1943. As a result of misjudgment in the handling of personnel he was demoted on April 23, 1943 and transferred to St. Paul as Assistant Special Agent in Charge in CAF 12, \$4600. His attitude was and is excellent. It was thought that he was somewhat the victim of circumstances at Buffalo and could make a comeback. He has since received inspection training and SAC Brantley and SAC Scheidt have both commented very favorably upon his work in this field. SAC Rhodes has rated him as excellent indicating he had an enormous amount of initiative and resourcefulness, was a good public speaker, was a good administrator, had the respect of all of the employees in the St. Paul Office with whom he got along well and accepted responsibility without supervision. He felt Traynor would make a competent Special Agent in Charge. I feel that with the small personnel at Omaha, Traynor would do a good job and gain experience. I feel this man has very excellent possibilities.

4. That Supervisor Leo L. Laughlin be transferred from the Security Division to St. Paul as Assistant Special Agent in Charge. Laughlin entered on duty December 2, 1935 and has served in various offices. He was #1 Man at Newark from January 9, 1938 until May 25, 1938 at which time he was removed and transferred due to personality clashes between him and Donegan, who was then Special Agent in Charge at Newark. He was made a Supervisor in the Investigative Division on April 28, 1940 and transferred to the Security Division on March 10, 1941. He is in CAF 12, \$4800. Laughlin is 33, married and has two children. He has A.B. and LL.B. degrees. His work has been consistently good, he makes a very fine appearance, is a qualified Bureau speaker and it has been indicated he possesses definite possibilities for development along administrative and executive lines. The Director recently indicated that he should be kept in mind for additional responsibilities.

5. That Special Agent Carl B. Sherman be transferred from San Diego to Washington as a Supervisor in the Security Division to replace Supervisor Leo L. Laughlin. Sherman entered on duty December 4, 1939 and has served at San Francisco and San Diego. He is in CAF 12, \$4600. He is 28 years of age and married. He has an LL.B. degree from Baylor University and is a native of Texas. His record has been consistently good. He is sound and mature, is pleasant, intelligent and enthusiastic. He is a qualified Bureau speaker and qualified in administrative firearms. He has served on the desk at San Diego from time to time and Mr. Nathan indicated that on a long range basis he should receive training to qualify him for the position of Special Agent in Charge. It is believed that he is at the point where supervisory experience at the Seat of Government would materially assist him.

6. That ASAC Burton F. Wiand be transferred from New York to Detroit as Assistant Special Agent in Charge. It is believed that service under Guerin at Detroit where from time to time he would have an opportunity to assume full charge of the Detroit Office would greatly add to the development of this Agent who has definite possibilities for future advancement.

7. That ASAC Robert T. Ross of the Detroit Office be permitted to remain at Detroit in an Agent's capacity or such subordinate supervisory capacity as Guerin might desire. Ross should be advised that this is not a demotion but for the purpose of affording Wiand training. SAC Guerin should also point out to Ross that the Bureau is cognizant of his recent ill health and thought that relief from so many responsibilities might permit him to get back on his feet. In this regard it was indicated a year ago Ross was suffering from neurocirculatory asthenia and the doctor recommended shorter hours and more relaxation. He was off ill for several weeks the first part of this year. Ross is a thoroughly loyal and dependable individual who has no possibilities for becoming a Special Agent in Charge.

Respectfully,

Robert C. Hendon

RE: LEO L. LAUGHLIN
ASSISTANT SPECIAL AGENT IN CHARGE
INTERIM EFFICIENCY REPORT

Rating: EXCELLENT.

LAUGHLIN has been Assistant Special Agent in Charge of the St. Paul Office since July 10, 1944. He reported here for assignment on transfer from the Bureau. He presents an excellent personal appearance and approach, and has an excellent personality. He dresses neatly and conservatively, and in good taste. He possesses a great amount of initiative, resourcefulness, force, and aggressiveness.

He dictates in a speedy and competent manner, drives an automobile competently, and takes good care of Government property which is charged to him. Up to date he has had no occasion to testify in Court since he has been in St. Paul. However, in view of his excellent personality and his long years of experience in the Bureau, he should make a good witness.

On the range he shoots good scores and observes the safety rules. He is the type of an individual who can handle a dangerous assignment satisfactorily, and can function properly in leading a raid. Since he has been here, he has assisted me in supervising two outdoor firearms periods and has functioned well on this assignment. He has had no occasion to operate on a physical surveillance. He operates a typewriter satisfactorily, and does not take shorthand.

His reports are thorough and to the point. Since he has been here his contacts with law enforcement officials and business men have been favorable. He knows how to organize and initiate an investigation, and get the job done. He accepts responsibility willingly and discharges it with a minimum amount of supervision.

Since in St. Paul, Mr. LAUGHLIN has been almost exclusively on administrative work. He has supervised all sorts of investigations, including Sabotage, Espionage, Internal Security matters, and criminal investigations of all types. He is an excellent administrator and is well-liked and respected by the entire office personnel. He clears his desk of matters routed to him in a speedy manner, and makes decisions with dispatch. I have found his judgement to be good.

He has not been assigned to technical surveillances since he has been here. However, he assists me in the supervision of the technical and microphone surveillances of Communist Party headquarters in Minneapolis, Minnesota.

His volume of work is above average. He is entitled to a rating of Excellent.

MEMORANDUM FOR MR. TOLSON

Re: Leo Laughlin
ASAC - St. Paul

ASAC Leo Laughlin of the St. Paul Office assisted me in the recent inspection at Sioux Falls. Laughlin makes a very good appearance, is extremely neat and well dressed and generally creates a good impression. He is aggressive, conscientious and did a good job. This was his first help on inspections and I consider his work good with possibilities of becoming excellent in this field with additional experience. Laughlin, I think, has definite possibilities for further advancement. I also determined that he was very well thought of in the St. Paul Office. I might add that Laughlin is extremely religious and I do not think would ever create a doubt insofar as his personal conduct is concerned.

Dear Sir:

I was recently assisted in the inspection of the Milwaukee Field Division, February 5 - 10, 1945, by Assistant Special Agent in Charge Leo L. Laughlin of the St. Paul Field Division and I was very much impressed with the ability of this employee.

He particularly was assigned to the review of investigative files and then to the review of certain administrative matters and he obviously understood the purposes of his examinations and checks. He applied himself diligently. His volume was obviously good. He is definitely a willing worker, conscientious and sincere. He liked his assignment. He is practical. He reflects an understanding of the problems of office administration and supervision and can intelligently evaluate his findings. It was noted that he was thorough. He did a fine piece of work.

I would be pleased to have Mr. Laughlin assigned to work with me on any similar assignment.

I suggest the following personnel changes:

1. That ASAC Leo L. Laughlin of the St. Paul Office be transferred to Baltimore as ASAC to replace Mr. Kimball. Mr. Laughlin entered on duty December 2, 1935 and has served in a number of offices. He was #1 Man at Newark from January 9, 1938 until May 25, 1938 when he was transferred due to personality clashes between him and Donegan. He was made a Supervisor in the Investigative Division on April 28, 1940 and was transferred to the Security Division on March 10, 1941. On July 8, 1944 he was designated as ASAC at St. Paul.

Laughlin is in CAF 12, \$4800. He is 33, married and has two children. He has A.B. and LL.B. degrees. His work has been consistently outstanding. He makes a fine appearance, is a qualified Bureau speaker, qualified firearms man and has assisted on numerous field office inspections. The Director has indicated he has definite possibilities for advancement in the service and SAC Rhodes has stated he is competent to handle an office as SAC. His office of preference is the Seat of Government. He graduated with both degrees from Catholic University, Washington, D. C. and I know him to be a devoutly religious individual. He is a member of the Holy Name Society and has been active with the Catholic University Alumni Association. I think that he would do an outstanding job as ASAC at Baltimore and could thereafter be considered for the post of SAC.

2. That Special Agent Ewell C. Richardson be transferred from Detroit to St. Paul as ASAC. Richardson is 33, married, a Resident of Arkansas and has B.A. and LL.B. degrees. He entered on duty on October 14, 1940 and after serving in the Milwaukee Office for five months was assigned to the Security Division as a Supervisor. He did an outstanding job as a Supervisor, being one of the most competent lecturers before the various In-Service classes. He has qualified in administrative firearms, as a Bureau speaker and has assisted on numerous field office inspections. Mr. Brantley, Mr. Scheidt and Mr. Clegg have commented upon his work in connection therewith in a most favorable fashion. He was transferred to Detroit on August 1, 1944 to afford him further field experience and is presently attending the Traffic Instructors School. This man is very sound in his thinking and makes a very mature impression. I feel that he would do a fine job at St. Paul as Assistant.

Dear Sir:

RE: LEO L. LAUGHLIN
ASST. SPECIAL AGENT IN CHARGE

Reference is made to my letter to the Bureau on this employee dated January 25, 1945, wherein I recommended that he be afforded a substantial increase in salary, and Bureau letter to me in reply dated February 5, 1945.

You are advised that your letter of February 5, 1945, has not been replied to sooner for the reason that I have just returned to my Office from a five-weeks Special Assignment in Texas.

I consider the work of Mr. LAUGHLIN outstanding and efficient to a pre-eminent degree to justify this request. In addition to competently handling the duties of Assistant Special Agent in Charge of this Office since his arrival here on July 10, 1944, Mr. LAUGHLIN has during that period assisted Bureau Inspectors in conducting inspections of the following Offices: Sioux Falls, Seattle, Milwaukee, Portland, and Des Moines. He also assisted me in conducting a self-inspection of the St. Paul Office during January, 1945. The very nature of this work required that an outstanding employee handle it. LAUGHLIN made good on each of these assignments.

In addition to his inspection work, LAUGHLIN has been active in promoting the Bureau's interest and the welfare of the St. Paul Office since he has been in this District, and has made many friends and valuable contacts for the Office.

In view of the above, it is again urged the Bureau afford him a substantial increase in salary.

RE: LEO LEMUEL LAUGHLIN
ASSISTANT SPECIAL AGENT IN CHARGE
ANNUAL EFFICIENCY REPORT

Rating: EXCELLENT.

LAUGHLIN has been Assistant Special Agent in Charge of the St. Paul Office since July 10, 1944. He reported here on transfer from the Bureau.

He is of excellent personal appearance and approach, dresses neatly and conservatively and in good taste. He possesses an outstanding amount of initiative, resourcefulness, force, and aggressiveness. He has an excellent personality, and knows how to meet people and get along with them.

LAUGHLIN dictates speedily and competently, drives an automobile satisfactorily, and takes good care of the Government property charged to him. He makes a good witness in Court. He possesses the capacity to plan and direct a dangerous assignment, and I would not hesitate to use him on a case involving this type of work. On the range he shoots good scores, and he observes the safety rules. Since he has been here, he has assisted me in supervising outdoor firearms training, and has functioned well on these assignments. He knows how to handle our guns, and he thoroughly understands the nomenclature of these guns.

He has not operated on physical surveillance since he has been here. However, he has directed many of these surveillances in a satisfactory manner. He operates a typewriter in a highly competent manner, but he does not take shorthand. He has completed the Bureau Accounting course.

LAUGHLIN's reports are thorough and to the point; and his contacts with law enforcement officials and business men have been favorable. He knows how to organize and initiate an investigation and get the job done. He accepts responsibility willingly and discharges it with a minimum amount of supervision.

LAUGHLIN is in excellent physical condition, and is, in my opinion, competent to handle an assignment requiring strenuous physical exertion.

Since he has been in St. Paul, Mr. LAUGHLIN almost exclusively has been on administrative work. He has supervised all sorts of investigations, including physical and technical surveillances, Sabotage, Espionage, Internal

Security cases and criminal investigations of all types. He is an excellent administrator, and is well liked and respected by the entire office personnel. I have noted he clears his desk of matters routed to him in a speedy manner, and he makes decisions with dispatch. I have found his judgement to be sound. Since he has been here, he has assisted Bureau inspectors in inspecting the following offices: Sioux Falls, Seattle, Milwaukee, Portland, and Des Moines. He has also assisted me in the self-inspection of this Office in January, 1945.

He has not been assigned to technical surveillances since he has been here.

This employee is loyal to the Bureau. I rate him as an Excellent Agent.

SAC FRED HALLFORD:

Mr. Laughlin arrived in Baltimore, Maryland, to assume the duties of Assistant Special Agent in Charge on April 23, 1945, and I have had no occasion to observe his performance. He, however, presents an excellent personal appearance and approach, dresses neatly and conservatively, appears to be forceful and aggressive, and is possessed of an excellent personality. His file reflects that he dictates speedily and competently, makes a good witness in court and possesses the capacity to plan and direct dangerous assignments, and that he could handle cases involving this type of work.

He is well-qualified to supervise firearms training and has a thorough knowledge of Bureau weapons. His file reflects that he maintains very favorable contact with law enforcement officials and with businessmen. He is in excellent physical condition and apparently competent to handle any assignment requiring strenuous physical exertion. He impresses me as being very well-qualified to handle duties which might be assigned to him.

This man makes an excellent appearance, dresses very neatly, and creates a good impression. I would say his personality is both mature and definitely above average. He impresses me as being rather solid and I

Dear Sir:

RE: ASAC LEO L. LAUGHLIN.

~~PERSONAL
and
CONFIDENTIAL~~

Reference is made to your letter to me dated May 10, 1945.

I have caused a careful search to be made of the files of this Office, including all of the personnel files presently here, as well as Mr. LAUGHLIN's administrative file, and have been unable to locate copies of my letter to the Bureau of January 25, 1945 and my letter to the Bureau of March 23, 1945, in which I recommended increase in salary for Mr. LAUGHLIN. I distinctly recall writing the January 25th letter recommending an increase, and the Bureau's reply to that letter which was dated February 5, 1945, in which the Bureau requested me to furnish more specific information and reasons for my recommendation. I recall that the Bureau letter of February 5, 1945, arrived here a few days prior to February 15, 1945 when I left for Texas on a special assignment. I told Mr. LAUGHLIN at the time I left I would not reply to the Bureau's letter of February 5, 1945 until I returned from Texas. Consequently that letter remained unanswered in my hold box until I returned from Texas on March 20, 1945. On March 23, 1945, I wrote the Bureau in reply to its letter of February 5, 1945.

I am at a loss to understand why you cannot locate the aforementioned documents in his personnel file.

Concerning my letter to the Bureau dated April 6, 1945, in the WILLARD DANIEL BARRETT case referred to in your letter of May 10, 1945, you are advised that copy of that letter was not placed in Mr. LAUGHLIN's personnel file. It was placed in the WILLARD DANIEL BARRETT file, and copy should, of course, have gone in his personnel file.

Enclosed herewith is a copy of my letter dated April 6, 1945 in the BARRETT case. I have also had the notes of my letter to the Bureau of March 23, 1945, re-transcribed, and copy of that letter is attached hereto.

It is suggested that you again search Mr. LAUGHLIN's personnel file for the aforementioned documents. Should you again fail to locate same, I, too, will make another effort to find them.

Very truly yours,

Dear Sir:

RE: ASAC LEO L. LAUGHLIN

PERSONAL
and
~~CONFIDENTIAL~~

Reference is made to my letter to the Bureau on this employee dated January 25, 1945, wherein I recommended that he be afforded a substantial increase in salary, and Bureau letter to me in reply dated February 5, 1945.

You are advised that your letter of February 5, 1945 has not been replied to sooner for the reason that I have just returned to my Office from a five weeks special assignment in Texas.

I consider the work of Mr. LAUGHLIN outstanding and efficient to a pre-eminent degree to justify this request. In addition to competently handling the duties of Assistant Special Agent in Charge of this Office since his arrival on July 10, 1944, Mr. LAUGHLIN has during that period assisted Bureau Inspectors in conducting inspections of the following offices: Sioux Falls, Seattle, Milwaukee, Portland, and Des Moines. He also assisted me in conducting a self-inspection of the St. Paul Office during January, 1945. The very nature of this work required that an outstanding employee handle it. LAUGHLIN made good on each of these assignments.

In addition to his inspection work, LAUGHLIN has been active in promoting the Bureau's interest and the welfare of the St. Paul Office since he has been in this District, and has made many friends and valuable contacts for the Office.

In view of the above, it is again urged the Bureau afford him a substantial increase in salary.

WHITE SLAVE TRAFFIC ACT

31-2334 - St. Paul

Reference is made to my teletype to the Bureau dated April 6, 1945.

I am enclosing herewith for the information of the Bureau, copies of memorandum dated April 6, 1945 prepared for me by Special Agents DANIEL T. McLAUGHLIN and C. PARNELL THORNTON of this Office, who were present in Judge NORDHIE's Court in Minneapolis today when sentences were imposed upon the subjects in this case. The memorandum covers the remarks of the Court at the time he passed sentence. Appropriate reports are being prepared setting forth these sentences in detail as to indictment and counts.

The Bureau is advised that the successful termination of these cases is due to the hard and intensive investigative work put in on them by the following Agents of this Office: Special Agents G. PARNELL THORNTON, DANIEL T. McLAUGHLIN, and PAUL R. CASEY.

Special Agent DANIEL F. McWILLIAM, who was formerly assigned to this Office, but who is now assigned to the Baltimore Office, deserves much credit also in this matter on account of the hard work and long hours put in by him while assigned to this Office on the White Slave situation in Minneapolis. Likewise, Assistant Special Agent in Charge, LEO L. LAUGHLIN, who supervised these investigations during my recent absence from this district deserves favorable mention for the manner in which he supervised the cases.

It is further pointed out that the vigorous manner in which Assistant United States Attorney, JOHN GRAFF, St. Paul, prosecuted these cases is in no small way responsible for the results obtained. Mr. GRAFF is a tireless worker and he at all times was ready to cooperate with our Agents any time during the day or night, Sundays or Holidays in affording them his advice and counsel. He also put in many hours late at night, on Sunday, and Holidays handling the witnesses in this case.

It is my recommendation that a letter of appreciation be sent by the Bureau to Mr. CRAFF for his splendid cooperation with our Office. Also, the Bureau should consider the advisability of directing an appropriate letter to Judge GUNMAR H. NORDBY, Minneapolis, Minnesota, thanking him for his comments concerning the FBI's work herein.

Memo to Director

Re: WILLARD DANIEL BARRETT, et al; WSTA

It is my further recommendation that each of the aforementioned Special Agents, including ASAC LAUGHLIN, be afforded a substantial increase in salary for the meritorious work performed by them in these cases. I consider this work outstanding to a pre-eminent degree and of such a nature that the Bureau would be justified in so regarding it and in recognizing their efforts.

I am enclosing herewith Minneapolis Press items of today in regard to these sentences.

MR. TOLSON

5/29/45

R. C. HENDON

I would like to recommend the following personnel changes:

1. To replace SAC Arthur Crowl who has resigned as SAC at Albany, I recommend the designation of SAC John J. Starke, presently assigned to the Providence Office.

Starke entered on duty July 25, 1938. He is 32 years old and married. He served in various field offices and was Supervisor in the Crime Records Section for approximately two years prior to being designated as ASAC at Richmond. After several months there he was designated as Chief of the Crime Records Section on April 1, 1943. On February 24, 1944 he was designated Acting SAC at Providence and SAC on July 1, 1944. His record has been uniformly above average, he accepts responsibility, uses initiative, has good judgment, is mentally alert and aggressive. He makes a very good appearance and has an excellent personality. His office was inspected in May 1944 and found to be in good condition. The Director in October 1944 indicated he was particularly impressed with Starke's sense of responsibility and believed that he could be rated above average as an SAC. Starke is presently being utilized as Assistant to Mr. Nichols in connection with the motion picture on the Bureau's work, which assignment should be completed within the next couple of weeks. It is believed that until he could report to Albany, ASAC Olsen can operate the office.

2. To replace Starke at Providence, I recommend the designation as Acting SAC of Leo L. Laughlin, who is presently ASAC at Baltimore.

Laughlin entered on duty December 2, 1935 and has served in a number of offices. He was #1 Man at Newark from January 9, 1938 to May 25, 1938. He was a Supervisor in the Investigative Division from April 28, 1940 until transferred to the Security Division as a Supervisor on March 10, 1941. On July 8, 1944 he was designated as ASAC at St. Paul. He is in Grade CAF 12, \$4800 per annum. Laughlin is 34, married and has two children. He has A.B. and LL.B. degrees. His work has been consistently outstanding. He makes a fine appearance, is a qualified Bureau speaker, qualified firearms man and has assisted on numerous field office inspections. He graduated with both degrees from Catholic University, Washington, D. C., is a member of the Holy Name Society and has been active with the Catholic University Alumni Association. The Director in July 1944 stated that Laughlin makes a very fine personal appearance, has definite possibilities for advancement in the Service and should be kept in mind. As ASAC at St. Paul, according to

Mr. Tolson
Mr. E. A. Tamm
Mr. Clegg
Mr. Glavin
Mr. Ladd
Mr. Nichols
Mr. Rosen
Mr. Tracy
Mr. Carson
Mr. Egan
Mr. Hendon
Mr. Pennington
Mr. Quinn Tamm
Mr. Nease
Miss Gandy

SAC Rhodes, he did an outstanding job. Rhodes stated he possessed an outstanding amount of initiative, resourcefulness, force and aggressiveness, had an excellent personality, possessed a capacity to plan and direct dangerous assignments, his reports are thorough and to the point, his contacts have been favorable, he gets the job done, is in excellent physical condition, is an excellent administrator, is well liked and respected by all office personnel, makes decisions with dispatch and had sound judgment. He has been Assistant at Baltimore only since April 22, 1945 but I believe he is entitled to fill the present vacancy as SAC.

3. To replace Laughlin as ASAC at Baltimore, I recommend the designation of Special Agent (A) Robert J. Lynch, presently assigned to the New York Office.

Lynch entered on duty June 7, 1937 and is in CAF 12, \$4800 per annum. He is 37 years of age, married and has two children. He is a native of New York, which is also his office of preference. He graduated from Columbia University with an A.B. degree and is a C.P.A. of New York state. Prior to attendance at Columbia he went to the St. Aloysius School, Caldwell, New Jersey, and to the St. Benedict's Prep School at Newark. He is a member of the Knights of Columbus. He served at Memphis, Des Moines and Chicago prior to being assigned to New York on April 4, 1939. He has been Supervisor of accounting work in the New York Office since January 1942 and in the absence of the ASAC of his division serves on that desk. His record has been uniformly excellent and it has been stated he presents an excellent appearance, has initiative and resourcefulness, is capable of handling all matters in an intelligent manner, is loyal dependable and has above average supervisory, administrative and executive ability. During the inspection of the New York Office in September 1944, Mr. Harbo stated he was capable of handling the job of Agent in Charge of a small office and should either be kept in mind for the position of ASAC in New York or as ASAC in some other office to develop him to handle the job of SAC. He is qualified to handle field office firearms training and has received training as an Inspector's aide. It is believed that after a period of service as ASAC at Baltimore he should be brought into the Bureau for a responsible supervisory job and then should be kept in mind for a vacancy as SAC.

Permanent briefs are attached.

Re: LEO L. LAUGHLIN
Assistant Special Agent in Charge
Special Efficiency Report

Mr. Laughlin has been Assistant Special Agent in Charge of the Baltimore Office since April 23, 1945, and this Special Efficiency Report is being submitted in view of his transfer from the Baltimore Field Division to the Providence Field Division to assume the duties of Acting Special Agent in Charge there.

He presents an excellent personal appearance and dresses neatly and conservatively. He is infectious personable and possesses a decidedly outstanding amount of initiative and resourcefulness, force and aggressiveness. He meets people well and gets along very well with employees in the office.

Since assigned to the Baltimore Field Division, Mr. Laughlin supervised all matters pertaining to Communism, as well as Deserter and War Fraud matters, in a highly capable manner. He is above average in the use of Bureau firearms and is very capable of planning and directing dangerous assignments. He is also a very good firearms instructor.

From the short period of time I have had to observe the work of Mr. Laughlin, he has definitely impressed me as being possessed of executive ability and is fully qualified to handle the duties of Special Agent in Charge. He is very loyal to the Bureau and has a keen interest in the welfare of the office and the Bureau.

I rate him as an excellent Agent.

Mr. Leo L. Laughlin called from Newark at this time. He is en route to Providence to assume charge as SAC and had indicated that he would get there Monday morning. He stated that he had just come from the hospital where his little girl is seriously ill. She has a mastoid difficulty, has a blood infection and is suffering from anemia. She is to have a blood transfusion Monday with which the Newark Agents are going to help and is in a rather bad condition.

I told him that in view of this he need not report to Providence on Monday but should take whatever time is necessary to help with his little girl's condition at Newark. He said if everything went all right he could probably report to Providence on Wednesday of next week and I told him I knew the Director would want him to take more time than this if necessary. It is suggested that the attached note be sent to Laughlin.

Dear Mr. Hoover,

Thank you very much for your letter of June 16, particularly for your most kind offer of assistance. I appreciated your permission to stay over in New Jersey as to such time as my little girl showed signs of improvement.

When I talked with you on June 13, I knew my daughter was sick but had no idea how serious she really was. However, after seeing her and talking with her doctor, I found she was suffering from an infection of the blood stream, an involvement of the left mastoid, and general anemia. The doctor told me she was a very sick girl and he recommended a blood transfusion.

Under the circumstances, I thought it better to call the Bureau and see if I might not be allowed to remain with her for a few days, and in your absence I talked with Mr. Hendon who was most gracious and kind.

When I explained the situation to SAC Mc Kee at Newark, he at once offered to do anything he could, particularly in connection with the blood transfusion. As it developed, my daughter is of the same blood type as Mr. Mc Kee, and he very generously gave his blood. Agents Jesse Orr and Bruce Prim of the Newark office, also of the same blood type, were on hand and offered their blood.

Although the transfusion did a great deal of good, my daughter is by no means better and the doctor has recommended that she receive another transfusion during the early part of next week.

The manner in which the entire Bureau personnel with whom I came in contact offered assistance to us made me even more proud to belong to such an outstanding organization as the Bureau.

I want you to know that Mrs. Laughlin and I are sincerely grateful and appreciate all you did for us.

Sincerely,

Leo L. Laughlin

Newark 2, New Jersey

Dear Mr. Laughlin:

I have been advised by Mr. Hendon of his conversation with you relative to the condition of your little girl. I do hope that everything will progress very favorably for her and if there is anything we can do, please let us know.

You should, of course, take any time necessary at Newark until her condition is satisfactory. Please do not worry about your work in the meantime as you can very well report to Providence a few days later.

With best wishes and kind regards,

Sincerely yours,

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI

FROM : SAC, ST. PAUL

SUBJECT : WILLARD DANIEL BARRETT, WAS, ETAL
MARGARET STODIECK, WAS, ETAL, VICTIMS
WHITE SLAVE TRAFFIC ACT

31-2334 - St. Paul

Reference is made to my teletype to the Bureau dated April 6, 1945.

I am enclosing herewith for the information of the Bureau, copies of memorandum dated April 6, 1945 prepared for me by Special Agents DANIEL T. McLAUGHLIN and G. PARNELL THORNTON of this Office, who were present in Judge NORDBYE's Court in Minneapolis today when sentences were imposed upon the subjects in this case. The memorandum covers the remarks of the Court at the time he passed sentence. Appropriate reports are being prepared setting forth these sentences in detail as to indictment and counts.

The Bureau is advised that the successful termination of these cases is due to the hard and intensive investigative work put in on them by the following Agents of this Office: Special Agents G. PARNELL THORNTON, DANIEL T. McLAUGHLIN, and PAUL R. CASEY.

Special Agent DANIEL F. McMILLIAN, who was formerly assigned to this Office, but who is now assigned to the Baltimore Office, deserves much credit also in this matter on account of the hard work and long hours put in by him while assigned to this Office on the White Slave situation in Minneapolis. Likewise, Assistant Special Agent in Charge, LEO L. LAUGHLIN, who supervised these investigations during my recent absence from this district deserves favorable mention for the manner in which he supervised the cases.

It is further pointed out that the vigorous manner in which Assistant United States Attorney, JOHN GRAFF, St. Paul, prosecuted these cases is in no small way responsible for the results obtained. Mr. GRAFF is a tireless worker and he at all times was ready to cooperate with our Agents any time during the day or night, Sundays or Holidays in affording them his advice and counsel. He also put in many hours late at night, on Sundays, and Holidays handling the witnesses in this case.

It is my recommendation that a letter of appreciation be sent by the Bureau to Mr. GRAFF for this splendid cooperation with our Office. Also, the Bureau should consider the advisability of directing an appropriate letter to Judge GUNNAR H. NORDBYE, Minneapolis, Minnesota, thanking him for his comments concerning the FBI's work herein.

Memo to Director

Re: WILLARD DANIEL BARRETT, etal; WSTA

It is my further recommendation that each of the aforementioned Special Agents, including ASAC LAUGHLIN, be afforded a substantial increase in salary for the meritorious work performed by them in these cases. I consider this work outstanding to a pre-eminent degree and of such a nature that the Bureau would be justified in so regarding it and in recognizing their efforts.

I am enclosing herewith Minneapolis Press items of today in regard to these sentences.

Mr. Laughlin called at 1:50 P. M. today and advised that the Association of the Chiefs of Police of Rhode Island is holding a conference on August 21 at Newport, Rhode Island and that inasmuch as it was one of the largest conferences of the year, he was of the opinion that his presence would be desirable there. Mr. Laughlin pointed out that the Chiefs of Police expect to invite the Director and he knows that most of the state judges and the federal judge will be present. During the past week he conferred with Governor Howard McGrath and Mr. McGrath will be present at the conference and informed Mr. Laughlin that he sincerely hoped that he could be there.

Mr. Laughlin is scheduled for In-Service Training on August 13 which will, of course, conflict with this conference and he also informed R. C. Gresham that his wife is expecting a baby on September 1.

Mr. Laughlin stated that he has informed Mr. Clegg of this conference.

RECOMMENDATION: It is recommended that consideration be given to postponing Mr. Laughlin's attendance at in-service until October 1, and that he be appropriately notified.

MEMORANDUM FOR THE ATTORNEY GENERAL

With reference to our telephonic conversation today relating to the disposal of surplus property and to the proposal that there be designated an FBI representative to handle the surplus property matters within the Department of Commerce, I would like to suggest that Mr. Leo L. Laughlin be considered for this post.

For your information, Mr. Laughlin is thirty-five years of age, was born at Shenandoah, Pennsylvania, and holds a Bachelor of Arts degree in addition to a Bachelor of Laws degree from the Catholic University of Washington, D. C. He entered the service of the Federal Bureau of Investigation in December of 1935, and has served in various capacities in several sections of the United States. He has had a considerable amount of administrative and executive experience having been assigned as an administrative assistant within the Bureau for a period of several years and is presently serving as the Special Agent in Charge of one of the Bureau's division offices.

I will be glad to make Mr. Laughlin available to the Department of Commerce at such time as that Department desires to utilize his services.

You will recall that during our discussion Mr. Schneider, Undersecretary of Commerce, raised the question of whether Commander Frost might be satisfactory to us as the Department of Commerce representative on the Liaison Committee which has been proposed in connection with the surplus property work. At that time I advised that I did not know Commander Frost's background but that I would check into this situation. I have, accordingly, made a discreet check and have determined that Commander Frost served for several years as an agent of the United States Secret Service under Harry Cooper and, in view of the known unscrupulous connection of Mr. Cooper, I would be hesitant to have anyone so intimately associated with him as Commander Frost has apparently been as a member of the Liaison group.

Special Agent Laughlin has A.B and LL.B Degrees and entered on duty December 2, 1935 and has served in a number of offices. Reports submitted by his various Special Agents in Charge indicate that he handled a variety of investigations in a very capable manner.

He was #1 Man at Newark from January 9, 1938 until May 25, 1938. Between September 1938 and April 1940 he was a resident Agent at Columbus, Ohio.

While assigned to the Investigative Division from April 1940 until March 1941 he handled extortion matters. From March 1941 until July 1944 he was assigned to the Security Division, during which time he supervised Espionage Investigations, and he also handled two special field assignments. One of these concerned a special inquiry involving Fred W. Shappert. This was the case in which Agent Laughlin proceeded to Illinois to discuss with officials of the Catholic Church the activities of Father Schultze, the Flying Priest. The other special assignment involved Charles Eugene Bedaux which Agent Laughlin was supervising at the Seat of Government. In connection with this case Agent Laughlin proceeded to one of the War Prisoners Camps in this country where he interviewed a German prisoner, Colonel Wurmann who had been captured during the North African campaign. From Colonel Wurmann Agent Laughlin obtained considerable information regarding Bedaux's activities as well as the activities of other individuals. He handled both of these assignments in an excellent manner.

While Assistant Special Agent in Charge at St. Paul from July 8, 1944 to April 22, 1945 he supervised all types of investigative matters, including surveillances, sabotage, espionage, internal security and criminal investigations of all types.

Between April and June 1945 he was Assistant Special Agent in Charge of the Baltimore Field Division, during which time he supervised all matters pertaining to subversive activities, desertion and war fraud matters.

From June 1945 until the present time he has been in charge of the Providence Field Division.

It should be further noted that Agent Laughlin is a qualified Bureau speaker, a qualified firearms man, considered to be a very good instructor and he has assisted Bureau inspectors in the inspections of several different field offices, favorable comments being received concerning his work in this respect.

My dear Director:

I have just learned that the Providence Office of the F. B. I. is to be closed. I want to take the opportunity at this time to express to you, in my humble way, of the very fine work that this office in Providence has done.

It has been an extreme pleasure for me to cooperate with your men. You have had some very fine executives here and our last acquaintance is that of Mr. Leo Laughlin, who has proven to be a very fine gentleman, and has endeared himself to all law enforcement agencies here. He was also cooperative and very well liked by all those with whom he came in contact.

If at any time any of your men would like my cooperation and assistance, don't hesitate to have them call upon me because I am ready and willing to do everything I can to help them and your department.

The F. B. I. is like my religion-I believe in it and under your leadership it is an institution that the world can be proud of.

With all good wishes to you, I remain

Sincerely yours,

With further reference to our conversation and pursuant to my assignment, this is to inform you that, unless advised to the contrary, I intend to take the oath of office as Assistant Director of the Compliance Enforcement Division, Office of Surplus Property on the morning of November 26, 1945.

In line with our discussions, I hope this assignment will not break my Bureau's service so as to deprive me of the pleasure of receiving on December 2, 1945 the key awarded by the Bureau for ten years service.

Thus far, I have found no living accommodations, and hence I have not moved my family nor household effects from Providence, Rhode Island. I have discussed this problem with a representative of the Chief Clerk's office who in turn has talked it over with someone in the Voucher Section of the Department of Justice and the opinion has been expressed that a bill of lading covering the removal of my effects would be honored.

I am deeply appreciative of your sound advice and assistance.

The Executives Conference, with Messrs. Tolson, Rosen, Ladd, Coffey, Clegg, Nichols, Hendon, Tracy and E. A. Tamm in attendance, considered the question arising as to whether Bureau Special Agents detailed to duties in other Government Departments by the Bureau will be entitled to their "service awards" in the same manner as agents constantly on the Bureau payroll. A specific case in point is that of Special Agent in Charge Leo Laughlin, who is being detailed for an indefinite period to the Surplus Property Administration. Mr. Laughlin has served in the Bureau for nine years and eleven months, and would be eligible for a ten-year key in approximately another thirty days.

The Conference considered the fact that the majority of these assignments, which do not, fortunately, arise very often, are made at the Bureau's initiative rather than at the solicitation of the individual Bureau representative involved. The Conference recommends that in cases of this kind, where the Bureau initiates the action in which a Bureau representative is assigned temporarily to a post in another government department, his service in that Department be counted as a continuation of Bureau service to accrue to his overall Bureau service for the purpose of the Bureau's service award. It was pointed out that other cases in which this regulation may apply in the future include those of Robert Laughlin, ~~Tom Scott~~ and Joe Carroll.

The Conference unanimously favored this recommendation.

Respectfully,
For the Conference

Dear Mr. Hoover:

Thank you for your letter of November 30, 1945, and the Ten-Year Service Award Key, marking my tenth anniversary with the Bureau.

I want to assure you that it was a pleasure indeed to have been associated with the Bureau during this period. I am justifiably proud of the organization's outstanding record which, as everyone knows, was accomplished principally through your industry and indomitable leadership. I am grateful, too, for the privilege of serving and particularly for the many opportunities you have afforded me during the decade.

Although presently on special assignment at your recommendation, I look forward to the day when I will again join our associates at the Bureau.

Sincerely,

Dear Mr. Laughlin:

Many thanks for your fine note of January 12th. I well appreciate that the Communists will no doubt resort to their usual tactics of lies, distortions, and "smears." However, having been through so many of these, I have become a little calloused to them. Nevertheless, it is good to know that one's associates are backing him up in the position he has taken, and in that I am grateful to you.

With every good wish, I am

Mr. John Edgar Hoover

Dear Mr. Hoover:

Congratulations on your splendid address delivered before the Annual Board Meeting of the Catholic Youth Organization in New York City on January 8, 1946.

Such a frank and forthright discussion of the Communistic menace certainly deserves the highest praise and gratitude of the real citizens of the country. It is hoped your admonition will not go unheeded.

In all probability, the so-called "liberals" in their defense, if they run true to form, will attack and attempt to smear you. To one championing the cause of law and order as long and successfully as you have done, the accusations will not come as something new.

I would like you to know that if there is anything I can do in my small way I would be more than happy to be of assistance.

Very truly yours,

MEMORANDUM FOR MR. TOLSON

Today I saw Special Agent LEO L. LAUGHLIN to inquire as to the possibility of obtaining his release from the special assignment which he is now on in the War Assets Corporation so that he might be designated as Assistant SAC in New York to take the place of Assistant SAC Donegan who is resigning.

Mr. Laughlin advised me of the present status of the work in the War Assets Corporation. Apparently there is at the present time a reorganization going on, particularly in connection with the investigative operations, and from what he said to me I gather it would be most undesirable to take him out of that work at the present time since much depends upon the setup to be developed and as both he and Mr. Carroll are endeavoring to have channeled to this Bureau all violations of criminal laws.

Therefore, it will be necessary for you to consider someone else to take the place of Mr. Donegan.

Very truly yours

MEMORANDUM FOR MR. FOLSON

MR. HENDON

I think it would be desirable for someone to speak to Mr. Carroll and Mr. Laughlin, who are in the War Assets Administration, to determine exactly what their plans for the future consist of. They may not in fact be desirous of returning to the Bureau at this time; it may not be desirable to have them return to the Bureau at the present time; and lastly, it might not be possible to effect their return to the Bureau if both they and we consider it desirable.

I would like to have this entire picture considered. First, we ought to determine whether their assignment in the War Assets Administration is now of any real value to the FBI. Secondly, if we decide this matter in the negative we should then ascertain from Carroll and Laughlin whether either or both are desirous of returning to the Bureau at the present time. Lastly, we then can determine how to get them back if we think they should come back, and if they want to come back. It is entirely possible that the new head of the War Assets Administration may object to their returning and might even protest their withdrawal to the President. If we reach the conclusion that both Carroll and Laughlin should return to the Bureau and further, if they desire to so return, I would be inclined to take the matter up with the Attorney General so that we would not have any conflict at higher level about their withdrawal and return to the FBI.

~~PERSONAL & CONFIDENTIAL~~

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
U. S. Department of Justice
Penn. Avenue at 9th St., NW
Washington 25, D. C.

Dear Mr. Hoover:

Mr. Carroll has called my attention to a conversation he has had with Mr. R. C. Hendon of the Bureau regarding information reported by the Philadelphia office indicating that Mr. David Allshouse, a representative of the Compliance Enforcement Division in Philadelphia, had contacted Assistant Special Agent in Charge William Hinze of the Philadelphia FBI office upon my suggestion, and inquired whether Mr. Hinze knew of any former FBI agents who would be interested in becoming associated with the Compliance Enforcement Division of the War Assets Administration. From what Mr. Carroll has told me, Mr. Hinze apparently has received and reported to the Bureau a very definite impression that my suggestion transcended former employees and included perhaps even present Bureau personnel.

While Mr. Allshouse was in Washington recently, he was instructed to call at the Philadelphia Bureau office in order to become acquainted with Mr. Boardman and Mr. Hinze in an official capacity. At the time this instruction was issued, I suggested to Mr. Allshouse that he mention to Mr. Hinze that the Compliance Enforcement Division had openings, and if Mr. Boardman or Mr. Hinze knew of any former Bureau agents who would be interested, we would be glad to consider them. I did not, of course, tell Mr. Allshouse, who is not a former Bureau employee, that as a matter of policy, all former Bureau personnel who applied for positions with the Compliance Enforcement Division of the War Assets Administration were cleared through FBI Headquarters. That we have been following this practice since our assignment at the War Assets Administration, I know you are fully aware.

I am sorry that Mr. Hinze received the impression he did, and want to assure you that under no circumstances would I, as a representative of the Compliance Enforcement Division, consider an application for a position filed by a Bureau employee, nor would I engage in any practice which even slightly smacked of pirating Bureau personnel.

Sincerely yours

Leo L. Laughlin

MR. TOLSON

R. C. HENDON

By letter dated July 3, 1946, the Philadelphia Office has advised that Mr. David S. Allshouse of the Philadelphia Office of the War Assets Corporation had contacted Assistant SAC William C. Hinze, Jr. inquiring as to whether he knew of any former Special Agents who were interested in employment with the War Assets Corporation. Mr. Allshouse advised that he was referred to Mr. Hinze by Mr. Leo Laughlin and pointed out that there were numerous openings in various grades depending on the qualifications and experience of the individual applicant. Mr. Allshouse was advised by Mr. Hinze that he knew of no one who might be interested and brought this contact to the attention of the Bureau with the statement "in order that it may be informed concerning the recruiting of former Special Agents and possibly Special Agents of the FBI for the War Assets Corporation."

I spoke to Mr. Joe Carroll yesterday concerning this contact. Mr. Carroll stated that he certainly had no intention nor would he tolerate any pirating of our personnel and that as a matter of fact it was contrary to his instructions to make contact with any Federal agency for personnel with the exception of OPA. He said he did have the heat on his Agents in Charge to secure applications due to their drastic need for personnel and that he would check into the situation as to just what Laughlin might have told Allshouse and that he would certainly take any necessary steps to make certain that no contacts were made which might be interpreted as efforts to recruit our Agents.

Mr. Laughlin called me today and stated that he was doing this on his own after Mr. Carroll had spoken to him. He explained that Allshouse had recently been in Washington to see him at which time Laughlin instructed that he should call upon SAC Boardman and Mr. Hinze for the purpose of making an appropriate official contact. He further told him to mention to them that there was a great need for personnel in the War Assets Corporation and if they knew of any former Agents or others who might be interested to let them know. Mr. Laughlin said that there was certainly no intention to take any steps which might be construed as an attempt to pirate our personnel and that as I knew they would not even take any former Special Agents without specific clearance from the Bureau. He stated he would be more careful in the future to insure that no such impression might be given and that he would also speak to Allshouse to insure that he did nothing which might be misinterpreted as an effort to obtain our present personnel.

It would appear that in this instance at least Mr. Laughlin did want Mr. Allshouse to obtain the names of any possibly available former Special Agents in the Philadelphia area from Mr. Hinz or Mr. Boardman but I am sure there was no intention on his part to interest any of the present Agents in their positions.

My dear General Vaughan:

Joseph Carroll

I am most grateful to you for having arranged for the retention with the War Assets Administration of the two key men who permanently belong to the Federal Bureau of Investigation.

As a result of some information received by me a number of weeks ago I initiated, through Mr. Carroll, a very stringent program for reviewing all personnel in the Washington office.

67-58420-212

This review involves all individuals holding key positions regardless of salary. In other words, the clerical personnel in an office where questions of policy are involved are likewise included in this review.

3 SEP 26 1946

The review has been extended down to the zones, the regions, and the districts.

I estimate that the complete review as outlined above will be finished in about 30 days.

Again, many thanks for your cooperation.

THE ATTORNEY GENERAL

August 8, 1946

Director, FBI

W. L. Laughlin

You will recall that by memorandum dated July 30th, I outlined to you the background of my assigning, upon the basis of a request made to you by W. Stuart Symington, who was at that time Chairman of the Surplus Property Board, two Bureau officials to the Surplus Property Agency. The purpose of this temporary assignment was to establish in the Surplus Property Agency a Compliance Division. At that time, you will recall that for practical purposes the Surplus Property Administration had no investigative organization but that as a result of the program installed by Mr. Carroll and Mr. Laughlin, loaned by this Bureau, the Compliance Division now has a staff of some 170 investigators, of whom about 60 are former FBI Agents.

You will further recall from my memorandum of July 30th that I requested your authorization, in the light of the Bureau's great need for experienced personnel at the present time, to request the return to active duty in the Bureau of Mr. Carroll and Mr. Laughlin, and that you, on July 31st, approved my taking steps to bring these two men back to the Bureau.

In order that you may be advised of current developments in this situation, I wanted you to know that on August 6th Mr. Carroll and Mr. Laughlin called upon General Littlejohn and advised him of their desire to sever their connections with the Surplus Property Administration in order that they might return to the Bureau, said action to take effect thirty days from the date of notice. General Littlejohn immediately protested against this action, stated that he declined to accept or consider the resignation of these men, and contemplated taking the matter up with me, and if necessary, communicating with the President. General Littlejohn stated he would refuse to accept the resignation from the Surplus Property Administration of these two men, and although Mr. Carroll and Mr. Laughlin pointed out that the Bureau has a number of major cases upon which their services should be utilized at the present time, General Littlejohn indicated he could not and would not yield to their request for release from their present positions. General Littlejohn instructed Mr. Carroll to write a letter for General Littlejohn's signature to me protesting against the recall of these men, but Mr. Carroll declined to write such a letter. At General Littlejohn's

SEP 26 1946

Memorandum for the Attorney General

request, Mr. Carroll and Mr. Laughlin did submit to General Littlejohn a memorandum in which they requested to be released in thirty days from their duties at Surplus Property to return to the Bureau. In this memorandum, Mr. Carroll and Mr. Laughlin pointed out that they had been detailed to the Surplus Property Administration to organize a Compliance Division on a Temporary assignment, which originally was contemplated to last some three or four months. General Littlejohn, as I have stated above, indicated that he would protest to the President about this situation and would not release Mr. Carroll and Mr. Laughlin.

As you know, the Bureau has already done much more than originally agreed to in this situation. These men, both of whom have had years of experience in the Bureau, were assigned to the Surplus Property Administration for a temporary period to set up a Compliance Division. It was contemplated this assignment would last three or four months, but it has now been almost a year since these men left the Bureau. In the meanwhile, Mr. Stuart Symington has gone, General Gregory, who replaced him as head of Surplus Property, has left that post, and General Littlejohn has recently been installed as head of Surplus Property. As you know, the investigation of the Murray Garsson cases, the investigation of the Capone Mob in Chicago, the investigation of the Monroe, Georgia lynching case, and a variety of other major investigative assignments arising at a time when the Bureau's investigative staff has been materially out as a result of the Bureau of the Budget's decrease in the Bureau's appropriation, have caused a serious shortage of experienced investigative personnel in the Bureau. It is imperative that the Bureau have the services of every available experienced Agent and I cannot continue the detail of Mr. Carroll and Mr. Laughlin to the Surplus Property Administration.

I am bringing General Littlejohn's attitude to your attention because I feel it will be necessary for you to take some affirmative action to induce General Littlejohn to dispense with the services of these men.

THE ATTORNEY GENERAL

August 10, 1946

Director, FBI

Confirming Mr. Tamm's discussion with you this morning, I desire to advise you that in the light of your support, I will upon receipt of General Littlejohn's letter requesting that Special Agents Carroll and Laughlin be permitted to remain on detail to the Surplus Property Administration for an additional twelve months, advise him that this assignment cannot be extended after October 1st. I will point out to General Littlejohn that these men were assigned on a temporary basis for a period of three or four months to establish and place in operation a Compliance Division, but that this assignment has now gone on for almost a year. I will point out to General Littlejohn the fact that the Bureau of the Budget's out in the FBI's appropriation has resulted in a serious shortage of personnel, which has become aggravated by the large number of important war fraud cases, civil rights and similar investigations which we are now attempting to handle. General Littlejohn will be informed that while I appreciate his problem, I think that the Bureau's problem is equally serious and I must, consequently insist that Agents Laughlin and Carroll return to the Bureau by October 1st.

I have been informed by Mr. Tamm that you contemplate speaking to the President, probably on Monday morning, August 12th, about this situation and I desire to point out that as a result of the work done by Mr. Carroll and Mr. Laughlin while at the Surplus Property Administration, a compliance division has been set up which is now staffed with some 170 investigators, of whom more than sixty are former Special Agents of the Federal Bureau of Investigation. Included in this number of former FBI Agents are several men who served in the capacity of Special Agents in Charge of Bureau field offices. I feel, consequently, that the Compliance Division has been established and is operating on an efficient basis, and that the Bureau has more than fulfilled its undertaking in connection with the Compliance Division. In so far as General Littlejohn's contention that Agents Carroll and Laughlin are absolutely essential to the operation of the Compliance Division is concerned I think that this statement is ridiculous and I cannot believe that if Mr. Carroll and Mr. Laughlin were to resign from the Government serving tomorrow to enter private business, the Compliance Division would collapse.

9 SEP 25 1946

Memorandum for the Attorney General

There is a further element involved in this situation which I desire to bring to your attention at this time. I have been reliably informed that Frank V. Connolly has been assigned to a position of Executive Assistant to General Littlejohn and that this post is one of the most confidential positions in the Surplus Property Administration. Frank V. Connolly, despite his service in several agencies of the Federal Government for the past several years, is an associate and consort of such notorious hoodlums as Irving Sherman, New York racketeer, gambler and confidence man, who was an intimate associate of the very notorious Louis Buchalter over a period of many years, an admitted friend of Moe Sedway, a notorious gambler and hoodlum, and Louis Walter Dove, a professional gambler. Irving Sherman is an intimate associate of Aaron Greenfield, notorious bond and jewelry fence, and as I have indicated, Frank V. Connolly has been intimately associated with Sherman. Connolly was financed some months ago in the establishment of a firm to handle surplus property, known as Connolly Merchandising, Inc., by Irving Sherman and Frank Costello, nationally known New York gangster and racketeer. Connolly, through a Mrs. Florence Wagner, an employee of the Legal Division of the Treasury Department, was associated with George Silverman, an employee of the French Purchasing Commission, who is in turn closely associated with subjects in a Soviet espionage case under investigation by the Bureau. Connolly apparently in the Fall of 1945 was attempting to secure surplus commodities for Silverman. Connolly frequently is in contact with Philip W. A. Hines, son of James J. Hines, New York politician who was recently released from the penitentiary. In January, Connolly was active in "deals" with Irving Sherman concerning the disposal of surplus property, which appeared to be very questionable. He was a participant in a series of negotiations for an alleged sale of a considerable quantity of surplus tires, which had appeared before the Truman Committee for four days and had deliberately lied to the Committee. There are other aspects of Connolly's activities which made me feel that his background is so obnoxious as to make it most undesirable that any Bureau representative be associated in any manner or degree with any enterprise or activity with which Connolly is associated.

To summarize this matter, in the light of all the circumstances, I believe the Bureau has more than fulfilled its undertaking and our position is a sound one in insisting that Agents Carroll and Laughlin return to their primary positions in the Federal Bureau of Investigation.

SUBJECT:

Pursuant to your instructions, the Executives' Conference considered the question of whether the Bureau would lose anything as a practical proposition by bringing Mr. Carroll and Mr. Laughlin back to the Bureau at the present time. It was the unanimous opinion of the conference that regardless of the identity of the person selected to replace Mr. Carroll and Mr. Laughlin, the Bureau probably would probably receive approximately the same volume of investigative work. The Conference points out that an agreement between the Department of Justice and the Surplus Property Administration provides that in all cases in which fraud is detected, the matter will be referred to the Department and to the Bureau for investigation. The Conference feels, consequently, that regardless of the identity of the new head of the Compliance Division, he could not very well justify changing this policy. The Conference felt, consequently, that the Bureau would lose nothing by now having Mr. Carroll and Mr. Laughlin come back to the Bureau and felt further that this was the most desirable and propitious time to make these arrangements.

I talked to Mr. Carroll on July 29th and inquired of him whether he desired to return to the Bureau at this time. Mr. Carroll stated that he did desire to return to the Bureau. He stated that, of course, the monetary attraction of his Surplus Property Administration assignment was a desirable factor from his viewpoint but that he felt that his career was in the Bureau and that he desired to return at this time. I inquired of Mr. Carroll whether he considered this a propitious time for the Bureau to attempt to make the arrangements for his return to the Bureau and he thought this was the most desirable time since General Littlejohn was just taking over, was installing his own people, etc. I told Mr. Carroll that the matter would be taken up with the Attorney General and he would be advised in due course as to the Bureau's program to bring him back.

On July 30th I talked to Mr. Leo Laughlin. Mr. Laughlin indicated that he would do anything that you desired and that if you wanted to instruct him to come back to the Bureau, he would of course come. I pointed out to Mr. Laughlin that this was not the question at this time but the question was whether he "desired" to return to the Bureau. Mr. Laughlin indicated that he did desire to return to the Bureau and agreed that this was the most propitious time to perfect these arrangements. I told Mr. Laughlin that the matter would be taken up with the Attorney General and he would be advised in due course. A memorandum requesting authority to return these men to the Bureau's service was directed to the Attorney General on the evening of July 30th.

Law Laughlin

For your information, I am transmitting herewith copy of a letter which I have today addressed to General Littlejohn, Administrator of the War Assets Administration, in answer to his letter of August 9th, a copy of which is also attached hereto.

You will observe that I have taken the position that the services of Mr. Carroll and Mr. Laughlin must be available to the Bureau by October 1st, 1946. This position is taken in accord with your indication to Mr. Tamm that you would support me in this situation, because I feel General Littlejohn will undoubtedly appeal to the President about this situation. You, of course, know my views concerning this matter as outlined to you in my previous memorandum.

UNITED STATES GOVERNMENT

TO : THE ATTORNEY GENERAL

DATE: July 30, 1946

FROM : John Edgar Hoover, Director, Federal Bureau of Investigation

SUBJECT:

You will recall that as a result of a request made to you by Mr. W. Stuart Symington, who was at that time Chairman of the Surplus Property Board, and in accord with your instructions I arranged to assign Special Agent Joseph F. Carroll of the Bureau to the Surplus Property Agency. Mr. Carroll was removed from the Bureau's payroll on September 19, 1945, and has been assigned to the Surplus Property Administration since that time. In order to assist him in setting up and establishing on an operating basis a Compliance Division, and in accord with your authorization, Special Agent Leo L. Laughlin was assigned to work with Mr. Carroll, he leaving the Bureau payroll on November 23, 1945. At the time that Mr. Carroll went to the Surplus Property Administration, that agency had practically no investigative organization but under the direction of Mr. Carroll and Mr. Laughlin, an investigative organization has been established with field offices in the principal cities. Approximately 170 investigators are now assigned to the Compliance Division and I am advised that about 60 of these investigators are former FBI Agents.

When Mr. Symington left the Surplus Property Administration and General Gregory was designated in charge, I was inclined to request your authorization to effect the return of Mr. Carroll and Mr. Laughlin to the Bureau service because of the Bureau's need for experienced personnel at that time, but I felt it probably would be more desirable to permit these men to remain with the Surplus Property Administration for an additional temporary period to insure that the Compliance Division would be established on a sound basis. Recently, as you know, General Gregory has been replaced by General Littlejohn. I believe that the time is now a propitious one for effecting the return of Mr. Carroll and Mr. Laughlin to the Bureau's service. At the present time, as you know, the Bureau is considerably understaffed as a result of the curtailment of our appropriation by the Bureau of the Budget. A number of very pressing demands

Memorandum for the Attorney General

calling for the use of experienced personnel have arisen, including the assignment of Agents to the Pearl Harbor Committee and to the investigation of the information developed by the Mead Committee concerning the war frauds on the part of the Garsson Brothers, and others. As you know, I am making a vigorous effort to determine whether the activities of the Capone gang and other hoodlums in Chicago are in violation of any Federal Statutes. The investigative caseload of the Bureau has been mounting rather rapidly as a result of a general increase in crimes of all types throughout the country. The combination of all of these events makes it imperative that the Bureau have the services of every possible experienced and trained Special Agent.

I believe consequently that unless you are inclined to the contrary, I should take the necessary steps to effect the return of Mr. Carroll and Mr. Laughlin to the Bureau service in the immediate future. I bring this matter to your attention because I anticipate that when I take the necessary steps to bring these key men back to the Bureau, General Littlejohn will probably contact you and make some protest about this move. I do feel that the Bureau has more than fulfilled our commitment in making these men available to the Surplus Property Administration for a lengthy period, thereby enabling the Administration to establish a large investigative organization, which is now staffed with a considerable number of former Agents.

Unless you advise to the contrary I will initiate the necessary steps to have Mr. Carroll and Mr. Laughlin returned to the Bureau.

General Robert M. Littlejohn
Administrator
War Assets Administration
Washington, D.C.

Dear General Littlejohn:

I have received your letter of August 9, 1946, in which you request that Special Agents Joseph F. Carroll and Leo L. Laughlin of this Bureau be continued in their detail to the War Assets Administration for an additional 12 months. As you have indicated in your letter, the assignment of Mr. Carroll and Mr. Laughlin to the War Assets Administration was made upon a temporary basis for the purpose of setting up a Compliance Division almost a year ago, at which time it was not contemplated that the services of these men would be required by the War Assets Administration for a period of more than three or four months. In the meanwhile, the appropriation of the Federal Bureau of Investigation has been substantially curtailed by action of the Bureau of the Budget and as a result thereof, the Bureau's personnel has also been substantially cut. The work of the Federal Bureau of Investigation has, however, increased substantially, with a large number of major cases requiring immediate attention. There are a considerable number of War Frauds cases, including the recent expose of the Garsson group by the Senator Mead Committee, and other cases of a similar nature which must have immediate attention. A considerable number of cases have arisen in the South involving civil rights, which require immediate attention. The trend of criminal cases cognizable within the Federal Court and the Bureau's jurisdiction is rapidly mounting, with the result that it is impossible for the Bureau at the present time to discharge its responsibilities without the utilization of the services of every possible experienced employee.

The Bureau has a considerable investment in Mr. Carroll and Mr. Laughlin and, frankly, while I appreciate your problem with your Compliance Division, I desire to point out that it now includes on its staff a large number of former Special Agents, including several men who were formerly in charge of FBI offices. While I realize the nature of your problem, I believe that my problem in meeting the Bureau's responsibility is equally serious.

General Robert M. Littlejohn

-2-

Although I have originally suggested that Mr. Carroll and Mr. Laughlin return to the Bureau on September 1st, I will, as a matter of assisting you in such readjustment as is necessary, be glad, if you desire, to permit Mr. Carroll and Mr. Laughlin to remain with the War Assets Administration until October 1st of this year.

I, of course, greatly regret that it is necessary for me at this time to insist upon the return of these men to the Bureau service, by October 1st, but I do not feel, in the light of the Bureau's current problems and responsibilities, that I can further defer the return of these men to the Bureau.

Sincerely,

J. Edgar Hoover

Office of the Administrator

9 August 1946

Mr. John Edgar Hoover, Director
Federal Bureau of Investigation
Washington, D.C.

My dear Mr. Hoover:

There is currently in the War Assets Administration an organization known as the Compliance Division. This Division is headed up by Mr. Joseph F. Carroll, Chief, and Mr. Leo L. Laughlin, Deputy.

It is my understanding that these two individuals were loaned by the Federal Bureau of Investigation to the War Assets Administration approximately one year ago to set up a Compliance Division, with the understanding that they would remain on duty with the War Assets Administration for a period of three or four months, at the end of which time they would return to the Federal Bureau of Investigation for duty.

As you know, this Administration is handling Government property and materials valued at many billions of dollars. The volume of activities is on the increase and will remain at a high rate for at least twelve months.

Mr. Carroll and Mr. Laughlin have created a Compliance Division which is performing an essential service in a very superior manner. To lose the services of these gentlemen would seriously interfere with the operations of this Administration. It is essential because of their knowledge of the War Assets Administration, as well as their outstanding abilities, that they be retained here at least for another twelve months.

I should like at this time to express to you my personal appreciation for having loaned the services of two such able men to head up our Compliance Division.

With best wishes, I am

Cordially yours,

s/ Robert M. Littlejohn

TO : THE DIRECTOR

DATE: 3-8-47

FROM : MR. EDW. A. TAMM

SUBJECT:

Mr. Leo Laughlin telephoned on March 7th to advise of a situation arising during a Congressional hearing of Congressman Rizley's Subcommittee Investigating the Disposal of Surplus Property. According to Mr. Laughlin, General Littlejohn was testifying and some criticism was made by a member of the committee of the fact that a majority of the officials of the Surplus Property Administration were Army personnel. General Littlejohn indicated the Compliance Division was not Army personnel but was mostly men with FBI background. At this point, General Littlejohn stated the head of the Compliance Division, Mr. Joseph Carroll, was leaving on April 1st. Mr. Wise (phonetic), inquired of General Littlejohn whether he would obtain someone else from the FBI to head the Compliance Division and General Littlejohn stated that he had endeavored to obtain an FBI man but that the FBI would not make anyone available. Wise inquired of Littlejohn whether Joe Carroll was an FBI man and Littlejohn indicated that Carroll was one of the FBI's top investigators.

Littlejohn was then asked with whom he would fill the position of head of the Compliance Division and Littlejohn stated he had his own man who, he stated, had been trained in the FBI. In answer to a question, he stated the man's name was "Wyant". Asked for the man's initials, Littlejohn stated he did not know the man's first name or initials but advised that "Wyant" has accepted the position effective upon the termination of Carroll's assignment.

Laughlin states this is the first word anyone has received that a successor had been selected for Carroll and he believes Littlejohn is referring to former Special Agent W. W. W. Pursuant to Littlejohn's instructions, Joe Carroll recently furnished biographical data concerning former Agents Gebben, W. W. W. and D. S. Allshouse. Littlejohn brought W. W. W. in from the field and interviewed him and although W. W. W. has indicated to Laughlin and Carroll that Littlejohn made no commitments, it would appear that W. W. W. was offered and accepted the post of head of the Compliance Division, since Littlejohn has kept him in Washington.

The Chief Clerk's Office is preparing a summary of W. W. W.'s personnel file.

MEMORANDUM FOR THE ATTORNEY GENERAL

I have just been advised that General Littlejohn has addressed to you a letter in which he requests that you make arrangements to continue the assignment of Special Agent Joseph Carroll or Special Agent Leo Laughlin to the War Assets Administration until July 1st.

You will recall that I have been endeavoring for many, many months to obtain the release of Agents Carroll and Laughlin from what was to be a temporary assignment in the Compliance Division of the War Assets Administration. This assignment has lasted approximately a year and a half and despite my constant effort, it has been impossible to obtain the return to the Bureau of these two experienced men. Recently, you will recall as a result of White House intervention, orders were issued to General Littlejohn to detach these men and permit their return to the Bureau by April 1st. General Littlejohn obviously will not concede the necessity for the return of these men to the Bureau and accordingly, I urge that you advise him that you will insist upon the return of Mr. Carroll and Mr. Laughlin to the Bureau on April 1st.

It is unnecessary for me again to point out to you that as a result of the Bureau's great delinquency in its investigative work and its shortage of personnel, the services of every experienced man are vital to a proper discharge of the Bureau's responsibilities.

Respectfully,

John Edgar Hoover
Director

MEMORANDUM FOR THE DIRECTOR

Mr. Joseph Carroll called from the War Assets Administration to advise that General Littlejohn, on February 18th, addressed a letter to the Attorney General stating that he wanted to reopen the matter of keeping at least one of the Bureau agents, namely, Carroll or Laughlin, at the War Assets Administration until July 1, 1947. Littlejohn expressed the opinion to the Attorney General that he believed such a move would be to the best interests of the government of the United States. Carroll does not know what else was in the letter. I am attaching hereto a suggested memorandum to the Attorney General in anticipation of his receipt of General Littlejohn's letter.

Littlejohn also asked Carroll whether he had any objection to such a letter and Carroll indicated he and Laughlin had been instructed to return to the Bureau on April 1st and that that was what they were going to do.

Littlejohn asked Carroll again to recommend a successor as head of the War Assets Compliance Division and Carroll stated that since the successor would have to satisfy General Littlejohn by his performance and operations, he believed General Littlejohn should select the new head of the Compliance Division. Littlejohn then instructed Carroll to submit to him the names of the four persons in the Compliance Division whom he believed best qualified to operate as the head of the Compliance Division.

Littlejohn also ordered Carroll to proceed to Honolulu to undertake a survey of surplus property disposal there, since the War Assets Administration is now taking over direct control of the disposal of surplus property in Alaska, the Hawaiian Islands and Puerto Rico, which disposal had previously been handled through the Department of the Interior. Carroll told Littlejohn he would, of course, accept this assignment with the understanding he was to be back in the United States in order to report to the Bureau on April 1st.

The Honorable

The Attorney General

My dear Mr. Clark:

Hoping that I shall not become a public nuisance, I am going to take the liberty of reopening the subject about which I wrote you some months ago. That is, the temporary assignment to the War Assets Administration of the following men from the Federal Bureau of Investigation: Mr. Joseph F. Carroll, and Mr. Leo L. Laughlin.

According to the current agreement, these two gentlemen are to return to duty with the FBI on 1 April 1947.

I am currently taking over the disposal of personal property in Hawaii, Puerto Rica and the Aleutians. Mr. Carroll has been personally assigned the mission of making a survey of one of these Territories in order to develop an overall pattern.

Unquestionably, this Administration will be involved at an early date by another investigation by Congress. Along with this, I have lost several of my key men through employment at a higher salary by commercial agencies.

The best interest of the Government dictates that either Mr. Carroll or Mr. Laughlin remain with this Administration until 1 July 1947.

It will be quite agreeable to me to leave either one of these men on temporary duty with this organization for a short additional period of time in order that the aforementioned survey may be completed and that new men may be completely broken in to operate efficiently with this Administration.

Thanking you for your cooperation, I am

Sincerely yours,

Administrator

Dear General Vaughan:

I am most appreciative of your thoughtfulness in furnishing to me a copy of your memorandum of January 9th addressed to General Littlejohn and relating to the President's instructions that Special Agents Joseph Carroll and Leo Laughlin be detached from the War Assets Administration and returned to their duties in the Federal Bureau of Investigation on April 1, 1947. I frankly had been hopeful that because of the emergency situation existing in the Bureau as to lack of investigative personnel, it would be possible to have these men returned to the Bureau not later than February 1, 1947.

As you know, the work of the Bureau is in the most delinquent status in the Bureau's history and this delinquency can only be eradicated through the full-time utilization of the services of every possible trained Bureau agent. Realizing this, I hoped that it would be possible to have both of these men returned to the Bureau immediately or at least to have one of them returned now and the other by February 1st, I do, however, desire to help out as much as is possible, commensurate with my responsibilities to the Bureau, and accordingly I am preparing assignments in the Bureau for Mr. Carroll and Mr. Laughlin, effective April 1st in accord with your note to General Littlejohn.

Major General Harry Hawkins Vaughan

Dear General Vaughan:

You will recall that last September you advised me of the President's desire to have Special Agents Joseph F. Carroll and Leo Laughlin of this Bureau continue their assignments in the Compliance Division of the War Assets Administration for an additional period. The assignment has, of course, been continued but because of the extreme need in the Federal Bureau of Investigation for the services of experienced and trained men, I would appreciate a reconsideration of this situation at the present time for the purpose of determining whether Mr. Carroll and Mr. Laughlin may now return to their duties in the Federal Bureau of Investigation.

By way of background, I desire to point out that Mr. Carroll and Mr. Laughlin were assigned by me to the War Assets Administration for a temporary period in the early fall of 1945. This assignment was made at the request of Mr. Stuart Symington who was at that time the head of the War Assets Administration. This assignment was for the specific purpose of establishing an investigative organization in the War Assets Administration which, at that time, had no investigative agency.

Mr. Carroll and Mr. Laughlin have set up an extensive investigative agency whose staff now embraces more than 170 investigators, of whom more than 60 are former FBI agents. The Investigative Division has offices in various parts of the United States and among the former FBI personnel affiliated with organization is a number of men who were formerly in charge of FBI divisional offices. Mr. Symington, you will recall, was replaced by General Gregory and General Gregory was, in turn, replaced by General Littlejohn. Although the period of assignment of Mr. Carroll and Mr. Laughlin, which was intended to be but 60 or 90

days, has long since exceeded that for which it was originally contemplated, I have permitted these men to remain at the War Assets Administration to insure that the Compliance Division would be set up on a sound basis.

The volume of work in the FBI has been increasing month by month and because of the decreased Bureau appropriation, our personnel has been materially reduced. At the present time the delinquency in the handling of our investigative work is the greatest it has ever been. The Bureau, consequently, needs the services of every available experienced Bureau agent and I would, therefore, appreciate a review of this situation at the present time to determine whether it is not now possible to return Mr. Carroll and Mr. Laughlin to their positions in the FBI.

With expressions of my highest esteem,

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : THE DIRECTOR

FROM : MR. EDW. A. TAMM

SUBJECT:

DATE: January 14, 1947

In the absence of Mr. Joseph Carroll, I advised Mr. Leo Laughlin at War Assets Administration of the contents of the letter which General Vaughan addressed to General Littlejohn advising that the President desired Carroll and Laughlin to return to the Bureau on April 1. I told Mr. Laughlin that the Director desired "Laughlin and Carroll to be advised of the present status of this situation in order that they might make their plans accordingly." Subsequently, Mr. Joseph Carroll called me and advised that Mr. Laughlin had furnished my message to him. Mr. Carroll stated that, at the time I called Mr. Laughlin, General Littlejohn had sent for Carroll and had read him General Vaughan's letter about this situation. According to Mr. Carroll, General Littlejohn intimated that he intended to call upon the Director of the FBI to discuss this situation and also intimated that he intended to discuss this matter with the White House. Mr. Carroll stated that General Littlejohn sought Carroll's advice as to what he, Littlejohn, might do and raised the question as to whether Carroll thought the Director would be agreeable to Carroll or Laughlin's, one or the other, returning to the Bureau and the second remaining at War Assets. Carroll indicated that he did not know how the Director would react to this suggestion.

Mr. Carroll raised the question of whether he and Laughlin should submit their resignations effective April 1st, and I told him that they should take whatever action would be necessary to insure their return to the Bureau on April 1st.

Carroll stated that he wondered whether the Bureau would desire him to recommend to General Littlejohn a successor to take Carroll's post. I asked Carroll whom he had in mind and he stated John A. Murphy, Burt Wiand and E. J. Gebben, in that order. Carroll stated that he thought the Bureau would get better cooperation if one of these men were recommended for the post than we would if an outsider took the job. I told Mr. Carroll I thought recommendations in matters of this kind were very dangerous but I would bring this question to your attention.

After discussing this situation with you, I attempted to contact Mr. Carroll but was advised that he had left Washington for the West Coast and would be gone for some time. I, accordingly, furnished Mr. Laughlin with the background of my discussion with Carroll and told him that the Director had indicated there was no purpose in the General Littlejohn's attempting to discuss this situation with the Director since he intended to insist that Carroll and Laughlin return to the Bureau. I told Mr. Laughlin that actually the Director was not satisfied with date of April 1st, and was going to initiate whatever action was possible to endeavor to get both of these men back to the Bureau before April 1st. I told Mr. Laughlin that the Director was considerably surprised at the length of time allowed by the

Memorandum for the Director

White House in setting the return date and that the Director was vigorously endeavoring to have this period shortened.

In so far as Mr. Carroll's question of recommending a successor was concerned, Mr. Laughlin was advised that the Director did not desire, through Carroll or otherwise, to make any suggestions with reference to the War Assets Administration and that, in so far as the relationship with the Bureau might be concerned, in the matter of a future director, the Director did not desire to have any dealings with the War Assets Administration directly or indirectly.

Mr. Laughlin indicated that he would advise Mr. Carroll of this situation.

Subsequently, Mr. Laughlin telephoned to state that he had advised General Littlejohn of the Director's position in this situation and General Littlejohn indicated nevertheless he would seek an opportunity of consulting the Director.

Recently, you will recall as a result of White House intervention, orders were issued to General Littlejohn to detach these men and permit their return to the Bureau by April 1st. General Littlejohn obviously will not concede the necessity for the return of these men to the Bureau and accordingly, I urge that you advise him that you will insist upon the return of Mr. Carroll and Mr. Laughlin to the Bureau on April 1st.

It is unnecessary for me again to point out to you that as a result of the Bureau's great delinquency in its investigative work and its shortage of personnel, the services of every experienced man are vital to a proper discharge of the Bureau's responsibilities.

Dear General Vaughan;

You will recall our previous communications concerning the continuation of the assignments of Mr. Joseph F. Carroll and Mr. Leo L. Laughlin, two of this Bureau's most experienced Agents, to assist in the operation of the War Assets Administration. You will further recall that, although originally loaned for only a temporary period, they have continued there for approximately two years because of the President's concurrence in the appeals made by the Administrator of the War Assets Administration that they were then indispensable.

The needs of the FBI for experienced men who have proved their capabilities have not changed and I accordingly hope that if there is to be any change in the administrative set-up of the War Assets Administration these two men can be returned to this Bureau.

With expressions of my highest esteem and best regards,

Sincerely yours,

REMARKS

Miss Doyle stated that she is trying to locate for the Attorney General any correspondence which the Bureau may have sent them subsequent to September 23, 1946, regarding Special Agents Carroll and Laughlin, who are on loan to the War Assets Administration. Miss Doyle said that it was indicated a memorandum would be forthcoming from the Bureau around December 1st on this matter, but the Attorney General had not seen it.

The above information was given to Mr. Ladd, who said that he would check on the matter and advise Miss Doyle. Mr. Ladd said that it was his recollection that a memorandum had been sent the latter part of November.

Mr. Ladd advises that we have not sent any memo to the A.G. since the one on Sept. 23. We did send a letter to General Vaughan on November 13, asking that if there is any change in the Administration of the War Assets Adm. that Carroll and Laughlin be returned to us as they are badly needed.

Should a follow up be sent to the A.G. at this time?

Mr. Ladd is advising Miss Doyle that no subsequent memo. was sent to the A.G. He will not mention the letter to Vaughan.

SUBJECT :

I received a call from Miss Doyle in the Attorney General's Office, which was referred to me from your office. Miss Doyle desired know whether any memorandum had been transmitted to the Attorney General later than September 23, 1946, about the assignment to Special Agents Carroll and Laughlin to War Assets Administration.

After checking I advised Miss Doyle that no memorandum had been sent subsequent to September 23, 1946, that no action was taken inasmuch as you felt that the matter was hopeless.

It is noted, however, for your information, although this was not furnished to Miss Doyle, that a letter did go to General Vaughan under date of November 12, 1946, the yellow of which letter is attached hereto for your information.

Due to the fact that Mr. Joseph Carroll of the Compliance Division of the Surplus Property Administration was on sick leave, I advised Mr. Leo Laughlin that a member of the White House Staff had contacted you and indicated that it was desired that Mr. Carroll and Mr. Laughlin remain at the Surplus Property Administration probably for the next several months.

I have set a tickler to follow this matter up on January 1st and on that date will prepare a letter to General Vaughan concerning Carroll and Laughlin returning to the Bureau.

Apropos of the several memoranda which I have addressed to you concerning my desire to have Special Agents Carroll and Laughlin return to the Bureau from their assignment at the War Assets Administration, I wanted to confirm the information that I have orally furnished to you concerning the recent call upon me by General Vaughan of the White House. General Vaughan advised me that he was calling upon me at the direction of the President, who instructed that Mr. Carroll and Mr. Laughlin be continued in their present assignment in the Compliance Division of the War Assets Administration as long as General Littlejohn thinks this assignment is absolutely necessary. In the light of these instructions, I shall of course advise Mr. Carroll and Mr. Laughlin that they are to continue their assignment at the War Assets Administration.

MEMORANDUM FOR THE ATTORNEY GENERAL

Your attention is invited to my memoranda of July 30 and August 10 relating to the assignment to the War Assets Administration of Special Agents Joseph F. Carroll and Leo L. Laughlin of this Bureau. With further reference to this situation I am attaching hereto copy of a letter addressed to me on September 9 by General Vaughan, from which it will be noted that General Littlejohn has appealed to the President to continue the assignment of Messrs. Carroll and Laughlin to the War Assets Administration. In the light of your assurance to me that you would support me in my insistence that these men return to the Bureau, I request that you immediately contact General Vaughan and press for the return of these men to the Bureau.

You will recall that in my previous memoranda I pointed out to you that at the request of Mr. Symington, who was at that time Chairman of the Surplus Property Administration, and in accord with your instructions, I arranged to assign Agents Carroll and Laughlin to the Surplus Property Administration for a temporary period in the early Fall of 1945. This assignment was for the specific purpose of establishing an investigative organization in the Surplus Property Administration since at that time there was no investigative agency in the Surplus Property Administration. Mr. Carroll and Mr. Laughlin have set up an extensive investigative agency which, as I pointed out to you previously now embraces about 170 investigators, of whom about 60 are former FBI Agents. The Investigative Division has field offices in various parts of the United States and among the former FBI personnel are a number of men who were formerly in charge of FBI field offices. Mr. Symington was replaced by General Gregory and General Gregory was in turn replaced by General Littlejohn. Although the period of the assignment of Messrs. Carroll and Laughlin has long since exceeded that which was originally contemplated, I, at the sacrifice of the Bureau's work and welfare, permitted these men to remain on to insure that the Compliance Division would be set up on a sound basis.

About the first of August I asked Mr. Carroll and Mr. Laughlin to advise General Littlejohn that the Bureau was in dire need of their services and to advise General Littlejohn that they would return to the Bureau on September 1st. Subsequently, in order to be entirely reasonable, I extended the duration of the assignment to October 1st.

EAT:DS

As you know, the appropriation of the Bureau has been materially curtailed despite the fact that the volume of work has been increasing month by month, and obviously with the decrease in personnel, as a result of our shortage of funds and the increase in the caseload, there is an ever-increasing burden of neglected cases, among which are many Frauds against the Government, Civil Rights, and a variety of other cases which are within the primary jurisdiction of the Bureau. The Bureau cannot operate without experienced personnel and at the present time I need the services of every available experienced Bureau Agent. I feel that we have been more than reasonable in allowing Mr. Carroll and Mr. Laughlin to remain detailed to the Surplus Property Agency for a period that is not in excess of a year and, consequently, I urge that you make an immediate and vigorous representation to General Vaughan in order to insure that Mr. Carroll and Mr. Laughlin will return to perform vitally important duties within the Bureau.

I will appreciate your early advice as to the result of your consultation with General Vaughan.

Respectfully,

THE ATTORNEY GENERAL

Director, FBI

Confirming Mr. Tamm's discussion with you this morning, I desire to advise you that in the light of your support, I will upon receipt of General Littlejohn's letter requesting that Special Agents Carroll and Laughlin be permitted to remain on detail to the Surplus Property Administration for an additional twelve months, advise him that this assignment cannot be extended after October 1st. I will point out to General Littlejohn that these men were assigned on a temporary basis for a period of three or four months to establish and place in operation a Compliance Division, but that this assignment has now gone on for almost a year. I will point out to General Littlejohn the fact that the Bureau of the Budget's cut in the FBI's appropriation has resulted in a serious shortage of personnel, which has become aggravated by the large number of important war fraud cases, civil rights and similar investigations which we are now attempting to handle. General Littlejohn will be informed that while I appreciate his problem, I think that the Bureau's problem is equally serious and I must, consequently, insist that Agents Laughlin and Carroll return to the Bureau by October 1st.

I have been informed by Mr. Tamm that you contemplate speaking to the President, probably on Monday morning, August 12th, about this situation and I desire to point out that as a result of the work done by Mr. Carroll and Mr. Laughlin while at the Surplus Property Administration, a Compliance Division has been set up which is now staffed with some 170 investigators, of whom more than sixty are former Special Agents of the Federal Bureau of Investigation. Included in this number of former FBI Agents are several men who served in the capacity of Special Agents in Charge of Bureau field offices. I feel, consequently, that the Compliance Division has been established and is operating on an efficient basis, and that the Bureau has more than fulfilled its undertaking in connection with the Compliance Division. In so far as General Littlejohn's contention that Agents Carroll and Laughlin are absolutely essential to the operation of the Compliance Division is concerned. I think that this statement is ridiculous and I cannot believe that if Mr. Carroll and Mr. Laughlin were to resign from the Government service tomorrow to enter private business, the Compliance Division would collapse.

EAT:DS

OCT 2 1946

There is a further element involved in this situation which I desire to bring to your attention at this time. I have been reliably informed that Frank V. Connolly has been assigned to a position of Executive Assistant to General Littlejohn and that this post is one of the most confidential positions in the Surplus Property Administration. Frank V. Connolly, despite his service in several agencies of the Federal Government for the past several years, is an associate and consort of such notorious hoodlums as Irving Sherman, New York racketeer, gambler and confidence man, who was an intimate associate of the very notorious Louis Buchalter over a period of many years, an admitted friend of Moe Sedway, a notorious gambler and hoodlum, and Louis Walter Dove, a professional gambler. Irving Sherman is an intimate associate of Aaron Greenfield, notorious bond and jewelry fence, and as I have indicated, Frank V. Connolly has been intimately associated with Sherman. Connolly was financed some months ago in the establishment of a firm to handle surplus property, known as Connolly Merchandising, Inc., by Irving Sherman and Frank Costello, nationally known New York gangster and racketeer. Connolly, through a Mrs. Florence Wagner, an employee of the Legal Division of the Treasury Department, was associated with George Silverman, an employee of the French Purchasing Commission, who is in turn closely associated with subjects in a Soviet espionage case under investigation by the Bureau. Connolly apparently in the Fall of 1945 was attempting to secure surplus commodities for Silverman. Connolly frequently is in contact with Philip W. A. Hines, son of James J. Hines, New York politician who was recently released from the penitentiary. In January, Connolly was active in "deals" with Irving Sherman concerning the disposal of surplus property, which appeared to be very questionable. He was a participant in a series of negotiations for an alleged sale of a considerable quantity of surplus tires, which tires were non-existent. Connolly in January of 1946 boasted that he had appeared before the Truman Committee for four days and had deliberately lied to the Committee. There are other aspects of Connolly's activities which make me feel that his background is so obnoxious as to make it most undesirable that any Bureau representative be associated in any manner or degree with any enterprise or activity with which Connolly is associated.

To summarize this matter, in the light of all the circumstances, I believe the Bureau has more than fulfilled its undertaking and our position is a sound one in insisting that Agents Carroll and Laughlin return to their primary positions in the Federal Bureau of Investigation.

My dear Mr. Hoover:

General Littlejohn, the Administrator of the War Assets Administration, has called to my attention the matter of retention of Mr. Joseph F. Carroll and Mr. Leo L. Laughlin, two of your men who have been giving him such able assistance during the past year. I have discussed the matter with the President, and the President hopes that you will be able to leave these men on this assignment for at least the next six months.

The President is very much concerned about the proper operation of the War Assets Administration. It is a problem loaded with dynamite and one that engenders criticism regardless of how efficiently it's handled. The matter of surplus property has been, unfortunately, handled by half a dozen different bureaus and half a dozen different administrators over the past year and a half, and General Littlejohn has a terrific job on his hands. He has men in his organization who have had former experience with the FBI, but what he really needs is some men who have the reputation and distinction of being at present connected with the FBI. The standing of the FBI among all the people in the country increases the public confidence in the operations of the War Assets Administration.

The President fully appreciates the difficulty in operating under a reduced budget, but he feels that the importance of this particular assignment might justify curtailment in some other direction.

~~PERSONAL AND CONFIDENTIAL
BY SPECIAL MESSENGER~~

My dear General Vaughan:

I have just received your letter of September 9th relating to the desire of General Littlejohn, the Administrator of the War Assets Administration, to continue the assignment of Special Agents Joseph F. Carroll and Leo L. Laughlin of this Bureau to the War Assets Administration. I have taken the liberty of referring a copy of your letter to the Attorney General with the suggestion that he contact you and advise you concerning the urgent necessity for the return of these men to their duties in the Federal Bureau of Investigation.

In order that you may be fully advised as to the facts in this situation, I wanted to point out that at the request of Mr. Stuart Symington. I, more than a year ago, arranged for the assignment of Mr. Carroll and Mr. Laughlin, both of whom are key personnel within the Federal Bureau of Investigation structure, to the Surplus Property Administration, upon a temporary basis in order that they might set up an Investigative Division within the Surplus Property Administration. This assignment was distinctly understood to be a temporary one and I frankly did not contemplate that it would last more than sixty or ninety days. Mr. Carroll and Mr. Laughlin set up an Investigative Division, which is known as the Compliance Division of the War Assets Administration and it is presently staffed with more than 170 investigators, of whom about 60 are former Special Agents of the Federal Bureau of Investigation. The Compliance Division maintains offices in various parts of the United States, and included in the personnel are a number of former FBI Agents who were in charge of field offices. Subsequent to the replacement of Mr. Symington by General Gregory, I allowed Mr. Carroll and Mr. Laughlin to remain detailed to the Compliance Division in order to insure that the Compliance Division was properly organized and operated.

In the meantime, the appropriation of the Federal Bureau of Investigation has been materially decreased to the point where we now have some 2,000 less Agents than were upon the Bureau rolls two years ago. The volume of investigative work within the Bureau's primary jurisdiction has been rising month

EAT:DS

Major General Harry H. Vaughan

2-

by month. The increase in the volume of work and the decrease in the Bureau's personnel has created a situation where the Bureau now has many, many delinquent and neglected cases because we do not have the investigative personnel to handle them. An ever-increasing volume of cases involving Fraud against the Government, Civil Rights and subversive activities has created a situation where it is virtually impossible for me to give adequate attention to these cases.

To summarize this situation, I desire to point out that Mr. Carroll and Mr. Laughlin were detailed on loan to the Surplus Property officials for a temporary period, which was not to exceed sixty to ninety days. The men have been on this assignment for more than a year. In the meanwhile, the Bureau's investigative staff has been materially decreased due to the cut in the Bureau's appropriation and the Bureau's investigative caseload has been constantly rising. In the light of these conditions, I requested Mr. Carroll and Mr. Laughlin to notify General Littlejohn, early in August, that they would return to the Bureau on September 1st. When General Littlejohn expressed some reluctance to release these men, I authorized them to extend the period of their assignment to October 1st but requested that it be pointed out to General Littlejohn that it was absolutely essential that these men, who have been carefully trained over a period of years for assignment to key posts in the Bureau, return to their Bureau assignments.

I have gone into some detail in this situation in order that you might explain the matter in its entirety to the President. I hasten to assure you that I will, of course, do whatever the President desires in this situation but it does seem unfair to the Bureau that the War Assets Administration will not now release these men after they had been temporarily assigned to perform a job of organization, which has been performed, and since the original assignment, which has now covered an entire year, was originally for the period of some sixty or ninety days. The Bureau's already depleted personnel has been subject to further enforced contraction through the loan to Congressional Committees of personnel necessary to permit those Committees to discharge their responsibilities, despite the fact that the Bureau Special Agent staff has been decreased by some 2,000 Agents in the past year or so. I will appreciate your further consideration of this matter and your advice as to the President's desires in connection therewith.

With expressions of my highest esteem and best regards,

Sincerely,

J. Edgar Hoover

OFFICE MEMORANDUM ----- UNITED STATES GOVERNMENT

TO : THE DIRECTOR

DATE: August 10, 1946

FROM : EDW. A. TAMM

SUBJECT:

In accord with your instructions I asked to see the Attorney General and advised him that although it had not yet been received, you had been informed that a letter had been sent to you by General Littlejohn relative to the desire of Agents Carroll and Laughlin to return to the Bureau. The Attorney General was advised that General Littlejohn's letter sets forth that there is presently in the War Assets Administration a division known as the Compliance Division which is headed by Mr. Carroll and Mr. Laughlin. FBI employees. Littlejohn's letter points out that these two individuals were loaned to the War Assets Corporation approximately one year ago, with the understanding that they would remain on duty at the War Assets Administration for a period of three or four months, at the end of which time they were to return to the Bureau. The letter then points out that the Administration is presently handling property valued at many billion of dollars and the volume of disposition of property will continue to increase for some time to come. General Littlejohn's letter then points out that for the Surplus Property Administration to lose the services of Carroll and Laughlin at this time would seriously interfere with the operations of the Administration and that it is absolutely essential that their services be retained at the present time and that they be permitted to remain on this assignment for at least twelve months more. The letter then expresses General Littlejohn's appreciation for the assignment of these men.

I told the Attorney General that you desired to answer this letter in such a way that this situation would be brought to a head at once and that if it were agreeable to the Attorney General, you would answer General Littlejohn's letter and point out that Carroll and Laughlin had been detailed as a loan. Your letter would then state that due to a substantial decrease in the Bureau's appropriation as a result of the action of the Bureau of the Budget and a corresponding decrease in the Bureau's personnel, the manpower situation had become a very serious one for the Bureau. Your letter would then point out that you needed the services of every possible experienced Agent in the handling of the many involved and complicated war fraud cases which presently required attention as did a considerable number of current complaints relating to violations of civil rights, particularly in the southern states. The Attorney General was informed that your letter would then point out that while you thoroughly appreciated his position, you could not but conclude that your personnel situation was just as pressing as his and that since the Surplus Property Administration now had an operating Compliance Division staff, with a considerable number of ex-Special Agents, you felt that Mr. Carroll and Mr. Laughlin must return to the Bureau. Your letter would then state that although you had originally suggested the return of these men by September 1st, you would be glad to delay their return to the Bureau until October 1st, in order that General Littlejohn might make an appropriate change in his personnel.

I informed the Attorney General that you would address such a letter to General Littlejohn but that you knew he would at once appeal to the President and you wanted to be sure that the Attorney General would back you up in insisting that Carroll and Laughlin return. The Attorney General stated he would support you in this situation and I pointed out that you were not inclined to insist upon the return of these men with General Littlejohn if you would in turn be left on a limb by not being supported if Littlejohn appealed to the President. The Attorney General stated he would go to the President himself about this situation on Monday morning in order to secure the President's approval prior to the time that Littlejohn appealed to him. The Attorney General requested a memorandum outlining the number of investigative employees of the Compliance Division, the approximate number that were former Agents, etc.

I advised the Attorney General that you had learned that Frank V. Connolly, associate of Irving Sherman and Consort of hoodlums and racketeers had recently been designated as special executive assistant to General Littlejohn and that this man was so notorious that you did not desire to have any Bureau employees affiliated with any organization with which this man was connected. The Attorney General stated that this was very valuable information to him and requested a memorandum today which he could use in talking to the President. I told him that such a memorandum would be addressed to him.

I further pointed out to the Attorney General that if Agents Carroll and Laughlin resigned from the Surplus Property Administration to accept a position with private industry, it was ridiculous to assume that the whole Compliance Division would collapse and go out of business, and I stated I did not see any difference in their returning to the Bureau than in their resigning to go into private business.

O APR 15 1947

**RE: COMPLIANCE ENFORCEMENT DIVISION
WAR ASSETS ADMINISTRATION**

Pursuant to your instructions, Special Agent Joseph F. Carroll reported on August 19, 1945, to Mr. W. Stuart Symington, then Chairman of the Surplus Property Board, and was appointed Director of the Compliance Enforcement Division of that agency. On November 1, 1945, Special Agent Leo L. Laughlin joined him as Deputy Director of the Division.

Personnel

When Agent Carroll assumed his new duties in August 1945, the Division had been in existence for about two months and had only three investigators and a few clerical employees.

On March 31, 1947, the Division had a total personnel of 340, consisting of 242 Special Agents and 98 clerical employees. Of the Special Agent personnel, 75 or approximately 31% are former Special Agents of the FBI.

Organization

The organizational pattern effected was based on that of the Bureau. There have been established 24 Field Offices in the continental United States and one in Honolulu, T. H., with former FBI Agents now serving as Special Agents in Charge in all but four of the offices. Arrangements have also been made to open Compliance Offices in San Juan, Puerto Rico and Anchorage, Alaska. The Field Office structure has been supplemented by a number of resident agencies.

The Manuals, report writing, filing system, office procedures, SAC conferences, monthly agent and clerical conferences, field office inspections, and the like followed along Bureau lines.

Functions

Prior to creation of War Assets Administration on March 25, 1946, the Division was part of an organization (Surplus Property Board, Surplus Property Administration, and War Assets Corporation, successively) which functioned in a policy making capacity for the various disposal agencies. We procured the issuance of Regulation 15 by the Surplus Property Administration on November 21, 1945, which not only provides the basic structure of the Compliance Enforcement Division but also requires all disposal agencies to promptly refer matters with criminal implications to the Department of Justice and to refrain from further investigation. This Regulation is still in effect as a WAA regulation.

When the surplus property functions of the various agencies were consolidated on March 25, 1946, we retained direction over the compliance program. This made us directly responsible for insuring honesty of disposal and full compliance with the Surplus Property Act of 1944 as amended, and all regulations, policies, and procedures established in pursuance thereto.

We also undertook the additional task of conducting character and background investigations of employees occupying key or other positions requiring a high degree of integrity.

Results

The total caseload of the Division on February 28, 1947, was 8,201 cases, consisting of 2,255 non-compliance cases and 5,946 personnel investigations. From March 25, 1946 to February 28, 1947, 6,568 non-compliance cases and 14,742 personnel investigations were received. Of these, 4,751 non-compliance cases and 8,821 personnel investigations were completed.

A total of 1,012 surplus property cases involving criminal implications were referred by this Division to the Bureau between the period of March 25, 1946 and February 28, 1947. As of March 31, 1947, 631 of these cases were still pending in the Department of Justice. According to the records of this Division, subsequent action by the Bureau has resulted to date in 103 arrests, with 60 indictments, 33 convictions, and \$49,313 levied in civil penalties.

It is anticipated that these statistics will increase materially in ensuing months in view of the increased compliance coverage of the Division, the additional training and experience of agent personnel in the surplus program during the past year, and since many cases previously referred by this Division to the Bureau are nearing prosecutive stages as a result of subsequent Bureau action.

In addition to the criminal and civil actions, as well as the deterrent effect, there has resulted from the activity of the Division a substantial number of administrative actions, such as disciplinary measures, cancellation of contracts, cancellation of preference certifications, policy changes, procedural corrections, and the like.

The personnel investigations program thus far has resulted in substantial derogatory information being developed concerning 100 key employees of WAA, and 162 non-key employees, whose duties required a high degree of integrity. As a result of these findings, administrative and/or personnel actions (i.e., dismissals, resignations, demotions, suspensions, etc.) have been taken in 160 instances.

MEMORANDUM FOR MESSRS. GURNEA
NAUGHTEN (Airmail to Miami)

RE: LEO J. LAUGHLIN AND JOSEPH F. CARROLL

This is to advise that the above named employees have recently returned to active duty in the Bureau after having been on loan in charge of the investigative work of the War Assets Administration. Due to their extended absence from the Bureau and its work they have been given again the course given to those who assist inspectors, they have taken the firearms course at Quantico for one day, they have spent some time reviewing SAC letters and Bureau Bulletins and their manuals and they have attended the two day conference on Communist Party matters in Washington. The above named employees are being assigned and are leaving tonight to assist Inspector Naughten in the completion of the inspection at Miami and they are to accompany him thereafter to aid in making the inspection at Savannah. They will further assist Mr. Naughten in making inspections until after Mr. Gurnea has returned from the inspection of the Honolulu Office and they will then join him in making the inspection at Cincinnati and other offices subsequently to be assigned.

It is desired that these two employees be given as much diversified experience as is possible in order to aid in quickly reindocinating them in the Bureau's work and they should be given such personal supervision and instruction as an opportunity will permit to round out their full course of training in the service of the Bureau by assisting the inspectors in handling field office inspections. Following their assignment to Mr. Naughten he should submit a thorough comprehensive report on these two employees and Mr. Gurnea should submit a similar type of report as soon as possible after they have worked under his supervision.

My dear Mr. Hoover:

In accordance with my agreement, I am this date releasing to the Federal Bureau of Investigation the following individuals who have been on duty with the War Assets Administration for approximately one and a half years:

Mr. Joseph F. Carroll

Mr. Leo L. Laughlin

These two gentlemen have performed an exceptional service to this Administration and to the Federal Government. The standard set by them in compliance activities are those of which I am justly proud. I attribute this in a large measure, not only to the high calibre of these two men, but to the training they received in the Federal Bureau of Investigation.

Mr. Carroll and Mr. Laughlin, upon their return to the FBI, were given a reorientation course of study from April 1 to 9, 1947. Since both had previously received inspection training, the Inspectors' Manual was reviewed with them. In addition, they were given special training in the inspection of technical equipment of the Bureau and in the preparation and contents of the Monthly Administrative Report. The FBI Handbook and Manual of Rules and Regulations were reviewed as well as SAC letters and Bureau Bulletins issued subsequent to their departure from the Bureau. Inspection reports were also reviewed by them. They spent one day at Quantico for firearms training under the supervision of Mr. Sloan.

Both Mr. Carroll and Mr. Laughlin have a splendid attitude and appear pleased to again be affiliated with the FBI after their assignment to the War Assets Administration.

SUBJECT:

In accordance with your instructions, I had Special Agents Joseph Carroll and Leo Laughlin return to Washington from Knoxville, and I explained to them the desire of the Bureau to have them proceed to Omaha on May 12, to assist in the interviewing of clerical applicants. I explained to them what the Bureau wanted and I feel that they understand the Bureau's problems in this regard.

I also called SAC Brantley of Kansas City and arranged to have Assistant Special Agent in Charge Mupphy to proceed to Omaha to assist in this project. I also spoke to Assistant Special Agent in Charge Moss, of St. Louis, and he is proceeding to Omaha to assist in this matter.

I also spoke to SAC DALTON of Omaha and advised him in detail concerning the Bureau's action in having top-flight men assist in the handling of these interviews and instructed that he have top-flight men in the Omaha Division assist in this work. Dalton is going to do this. It is understood that those men reporting to the Omaha Division from outside the territory will be relieved of this assignment in a period not to exceed 10 days.

Laughlin assisted me in the inspection of the Miami, Savannah and Knoxville offices. It was obvious that he is happy to be back in the Bureau. He accepted his assignments with enthusiasm and applied himself diligently. I entrusted him with various phases of the inspection including interviews of personnel and the checking of administrative and investigative operations. I found that he was objective and that he generally showed sound judgment. His reorientation progressed satisfactorily. I feel that additional experience had on inspections would be of definite help in completing his reindoctrination.

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : DIRECTOR

FROM : CLYDE TOLSON

DATE: 5/21/47

SUBJECT:

LEO LAUGHLIN

At the present time the Security Division has a total of 60 supervisors and the General Investigative Division a total of 26 supervisors.

I am attaching an assignment chart of the Security Division prepared under date of May 10, 1947. I would like to recommend the transfer from the Security Division to the General Investigative Division of the Accounting and Fraud Section. The Classifications presently under this section are indicated on the attached chart. This will represent the transfer of some 11 supervisors from the Security to the General Investigative Division.

I desire to further recommend that Inspector Joseph F. Carroll be assigned as an Assistant to Mr. Rosen in the General Investigative Division. If this is approved a division of supervisory work should be arranged between Mr. Carroll and Mr. McCabe, presently the Number One Man in Mr. Rosen's Division so that Mr. Carroll and Mr. McCabe will supervise certain phases of the work of this division.

I desire to further recommend that Inspector Leo Laughlin be assigned as an Assistant to Mr. Ladd in the Security Division. If this is approved a division of supervisory responsibility should be arranged between Mr. Laughlin and Mr. Mumford, presently Number One Man to Mr. Ladd.

Particularly in view of the possibility of the loyalty check work I believe that the foregoing reassignment of work and supervisory personnel will materially improve our setup in both investigative divisions.

Re: INSPECTIONS

Dear Sir:

Inspector T. E. NAUGHTEN, assisted by aides JOHN W. CORE, LEO LAUGHLIN and JOSEPH CARROLL, recently completed an inspection of the Knoxville Field Division. I wish to advise the Bureau that the entire personnel of this Division and myself were greatly benefited by this inspection and appreciate the assistance and advice given by the Inspectors during the course of the inspection. The inspection was conducted with no interference whatsoever with the normal operations of the office, and was conducted in a very orderly and thorough manner.

As the Bureau is aware, the personnel of the Knoxville Field Division has increased from 25 total personnel to approximately 100 since February 1st last. All of the Inspectors were most helpful in aiding to solve the many problems we have in connection with this new personnel and they were also most helpful in furnishing advice and counsel in connection with the Atomic Energy Program which is extremely heavy here.

I wanted to take this opportunity to advise the Bureau of my appreciation for the assistance rendered by the Inspectors.

Very truly yours,

G. D. KING

Col. Monson

Follow Mr. Pollock's (C.S.C.) previous suggestion that we start papers thru Civil Service as soon as we know of a possible appointment of an applicant; we sent Laughlin's papers up as soon as we knew he was coming over, as you will note from the two memos slips inside his jacket.

Now we have Civil Service approval before he has even been appointed to an excepted position - which is certainly unusual.

The question is - shall we appoint him to an excepted position or to a Civil Service position. I would recommend appointing him to a Civil Service position since we now have authority to do so.

INSTRUCTIONS TO APPOINTING OFFICER

The appointing officer before whom the foregoing certificate is made shall determine to his own satisfaction that this appointment would be in conformance with the Civil Service Act, applicable civil-service rules, the War Service Regulations, and acts of Congress pertaining to appointment.

This form should be checked for holding of office, pension, purchase of office, suitability in connection with any record of recent discharge or arrest, promise to observe provisions regarding political activity, and particularly for the following:

(1) Identity of appointee with the applicant whose appointment was authorized. The appointee's signature and handwriting are to be compared with the application and/or other pertinent papers. The physical appearance may be checked against the medical certificate. The appointee may also be questioned on his personal history for agreement with his previous statements.

(2) Age.—If discrepancy exists between the date of birth and that on application, and if definite age limits have been established for the position, it should be determined that applicant is not outside the age range for appointment.

(3) Citizenship.—The responsibility for observing provisions of appropriation acts prohibiting or restricting the employment of aliens lies with the appointing

officer. The Civil Service Commission indicates on applications showing foreign birth that citizenship has been verified. The appointing officer should verify citizenship if the list of eligibles or the letter of authority from the Commission makes the appointment subject to proof of citizenship, or if the application shows foreign birth but does not indicate on its face that citizenship has been proved. If the answer to question 4 of this form shows foreign birth and the application shows birth in the United States, the case should be referred to the Civil Service Commission.

(4) Members of Family.—Section 9 of the Civil Service Act provides that whenever there are already two or more members of the family in the classified service, no other member of such family is eligible for appointment in that service. Minors do not establish a different family merely by living at an address different from that of the parents. Doubtful cases involving more than two members of family, including all pertinent evidence, should be referred to the Civil Service Commission or its duly authorized representatives for decision. Under War Service Regulations, the members of family provision does not apply to temporary appointments for one year or less.

Reference to Personnel Counselling Service of the Bureau.

SECURITY DIVISION

The Security Division up until the present time and for the past several years has not had a Special Agent Personnel Assistant. Mrs. Thelma Dorset is the Personnel Counselor for the Security Division.

Due to tremendous pressure of special work in the Security Division, Mrs. Dorset has not been able to, since she is a top flight stenographer, spend as much time in personnel counselling as she would like.

In so far as new employees entering on duty in the Security Division, and this number of new employees is limited, they all report to Mr. Ladd's Office, at which time discussion is had of their assignments and they are assigned to the various Sections within the Divisions. At this time, these employees are made familiar with the Division by the various Section Chiefs. Mrs. Dorset, who is assigned to the Internal Security Section, sees all the new employees assigned to that Section and discusses with them the personnel policies.

Mr. Ladd has instructed that Mrs. Dorset be available for personnel counselling duties in the future at least 50 percent of her time. At the present time, I know that Mrs. Dorset has met the new employees which have entered on duty in that Division within the past month, and they are aware of her identity as a Personnel Counselor. Mr. Ladd has also designated Mr. Leo Laughlin of his Division as Personnel Assistant, and I am sure that Mr. Laughlin and Mrs. Dorset will stay on top of the personnel matters in this Division.

Dear Mr. Laughlin:

I want to express to you my appreciation for your splendid cooperation and enthusiasm in working on Thanksgiving Day in order to assist in the preparation of certain material in the Internal Security Section.

OFFICE MEMORANDUM

United States Government

To: The Director

Nov. 29, 1947

From: E. A. Tamm

I recommend that letters of commendation be addressed to the following people who worked all day Thanksgiving, November 27, 1947, in connection with the preparation of a memorandum relating to the recent criticism directed at the Bureau by Commissioner Durr of the Federal Communications Commission.

In connection with the preparation of this material, it was necessary to identify in the Bureau's files a number of references in the Durr statement, and the anonymously submitted material in the research job was a long and involved one. Nevertheless, persons enumerated were enthusiastic and conscientious in digging into this matter. All of the persons are assigned to the Security Division. Although it was not necessary ultimately to utilize all four of the stenographers who were called in they nevertheless were available and I think they should be commended for the attitude which they manifested.

Dear Mr. Laughlin:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on March 30, 1948.

For your information and use by your physician, I am enclosing a copy of the results of the ophthalmology consultation afforded you in connection with the above examination at the Naval Hospital on April 1, 1948.

The Board of Examining Physicians of the United States Naval Hospital reports that you are capable of performing strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Reference is made to the Director's inquiry concerning the handling of the captioned case by the Investigative Division.

There is attached a complete memorandum setting out the details of the activity of the Investigative Division in this matter. A separate memorandum is being submitted concerning the handling of the captioned case by the Washington Field Office.

Briefly, the derelictions on the part of the Investigative Division and related derelictions are as follows:

The initial delinquency in this matter was, of course, the responsibility of the Night Supervisor, Joel Hitt of the Security Division, who had the information available as early as 3:45 A. M. on February 6, 1950 but because he did not search the subject's name carefully enough through the fugitive indices and failed to search the victim's name through the indices at all, the Bureau's interest in the case was not disclosed as soon as it should have been. Micrographed instructions for the use and guidance of week-end and night Bureau supervisors are maintained in Mr. Fletcher's office on the 1st floor where the weekend and night supervisors are located. These instructions have to do with Bureau facilities and the general responsibilities of the supervisors. A section relating to telephone calls is identical with a similar section contained in the Supervisor's Manual. It sets out among other things that "such action as is deemed necessary should be taken immediately upon receipt of telephone calls." Both Mr. Fletcher and Mr. Rosen have advised that these instructions are made available to all supervisors assigned to night and weekend duty. Supervisor Hitt has advised that he had reviewed and clearly understood the aforementioned instructions. It is felt that the fault in this instance was not the lack of proper instructions but the failure on the part of Supervisor Hitt to properly and adequately carry out a fundamental and basic step of carefully checking the indices which should be taken by any agent.

Administrative action has already been taken with regard to Supervisor Hitt and it is not felt that any change is needed with regard to the

instructions to the night and weekend supervisors.

The second primary dereliction in this matter is the responsibility of deserter Supervisor Thomas Gearty of the Investigative Division. Supervisor Hitt's memorandum of February 6th which was captioned "Gerald Johnson, Information Concerning, Deserter" was received by Supervisor Gearty in the Investigative Division shortly after 1:00 P. M. February 6th. Although it was captioned as a Deserter matter and was therefore properly first routed to Deserter Supervisor Gearty nevertheless it contained a specific statement therein reflecting that the subject was wanted not only for the killing of "Tex" Thornton in Amarillo, Texas, but also for the subsequent theft of the victim's car and its transportation to Oklahoma in July of 1949. Although in mitigation of Supervisor Gearty it is pointed out that he had a right to believe that Supervisor Hitt had properly and accurately carried out his initial responsibility of searching the indices as Supervisor Hitt indicated he had. Nevertheless because the memorandum contained information which might have been of interest to other supervisors in the Investigative Division it is felt that Supervisor Gearty after satisfying himself, which he did, that the subject was not a Deserter Fugitive he should have recognized the necessity of routing the memorandum to the other interested supervisors in his division, particularly to the Interstate Transportation of Stolen Motor Vehicle Fugitive Desk. Had he done this, Supervisor Clements, the Fugitive Supervisor, would have recognized the matter as being one of his special cases.

Mr. Rosen has recommended that in view of Supervisor Gearty's omission in this instance that a letter of censure be directed to him.

RECOMMENDATION OF ADMINISTRATIVE DIVISION

It is recommended:

- (1) That Supervisor Gearty, because of his lack of alertness in this instance be censured by letter.
- (2) That he be placed on probation for 90 days.

I approve both 1 & 2. H

It is noted that after this matter was first called to the attention of SA Manning Clements, Fugitive Deserter of the Investigative Division, shortly after 9:30 A. M. February 8, 1950, he afforded this case his personal, prompt and expeditious attention and no administrative action is recommended against him.

****H****

It is also pointed out that the memorandum of Supervisor Hitt, dated February 6, 1950, took too long to reach the Investigative Division. Supervisor Hitt received the call from Porter M. Beale of the U. S. Park Police concerning the Johnson case at 3:45 A. M. on February 6th. He wrote out the memorandum in long hand and left it to be typed up as is the customary procedure upon the arrival for work of a clerical employee, of the Security Division. The memorandum was typed up shortly after 9:00 A. M. on February 6, 1950 by Dorothy B. Bernard of the Security Division. Miss Bernard indicated that Hitt's memorandum was one of two or three memoranda of the night supervisors which she was required to type up and she does not specifically recall the exact time that it was completed. Thereafter, the memorandum was reviewed and initialed by Supervisor Leo Laughlin for Mr. Fletcher. Mr. Laughlin recalls reviewing the memorandum and initialing it but, likewise, is unable to specifically state what time it was initialed by him. He did indicate that it is possible the handling of the memorandum may have been deferred temporarily due to the pressure of other cases apparently more important, among which he recalled, material on the Fuchs case.

Although the memorandum reflected Supervisor Hitt's recommendation that no further action be taken it was marked by Mr. Laughlin for Mr. Rosen's attention. Thereafter, it was apparently picked up by a messenger and taken to the messenger section where it was stamped for the Investigative Division at 12:36 P. M. on February 6, 1950. Although Supervisor Laughlin has advised that there may have been some delay on his part in reviewing and initialing Hitt's memorandum due to the pressure of other more important work, nevertheless a delay in the transmittal of Hitt's memorandum by Supervisor Laughlin is indicated.

Mr. M. B. Fletcher has advised that on the morning in question, February 6th, he recalled personally handling a number of special inquiries on an expedite basis and that Supervisor Laughlin was likewise engaged in locating particular material in connection with the specific requests of the Director. According to Mr. Fletcher, Supervisor Laughlin handled the material crossing his desk as promptly as the handling of more expedite work would permit. The particular memorandum in question indicated that no action was required so it would not have received the expedite attention that was afforded material with special tags as well as teletypes. Mr. Fletcher felt, therefore, that under the circumstances no administrative action should be taken against Supervisor Laughlin, other than to send him a letter of caution.

Confirming oral instructions I desire that Mr. Glavin be detached for a period of ninety days as Assistant Director in Charge of the Administrative Division effective Monday, February 27, and initiate immediately a complete inspection of the Identification Division with the view of reducing personnel, streamlining its operations, and reducing its costs of operation. Mr. Tracy should be instructed that I expect the fullest cooperation and assistance from himself and his staff.

In Mr. Glavin's absence Mr. N. P. Callahan will act in charge of the Administrative Division.

SAC Guy Hottel is to be immediately placed upon probation for conduct unbecoming a representative of this Bureau. I have talked with Mr. Hottel and severely reprimanded him and told him that I will not again give him another chance. I told him there were entirely too many rumors circulating concerning his activities and while they may not be completely true, nevertheless, many of them were and he had not used the proper discretion in his conduct.

I desire that Mr. A. M. Belmont be transferred as Assistant Special Agent in Charge of the New York Field Division and designated as Inspector in Charge of the Security Division, effective Monday, February 27.

I desire that Mr. W. M. Whelan, the #2 man in the New York Office, be designated as Assistant Special Agent in Charge of the New York Field Division, effective February 27.

I desire that Mr. H. B. Fletcher, who has been acting in charge of the Security Division, be transferred to New York and designated #2 man in the New York Field Division in place of Mr. Whelan.

I desire that Mr. L. L. Laughlin of the Security Division be designated as #1 man in the Security Division, effective February 27.

I desire that Mr. B. C. Brown of the Training and Inspection Division be transferred to the Washington Field Office as Assistant Special Agent in Charge, effective February 27.

I have spoken to Mr. A. Mr. Rosen assured me he believes he can do so and for the present he remains as Assistant Director of that Division.

SA Robert J. Wirth was not directed a letter of commendation as he also was relieved of Security investigation work for his lack of judgment in testifying during the Coplon trial.

By memorandum to Mr. Ladd dated 5-16-49 Mr. Fletcher recommended that Sappho Manos and Catherine Condon of the New York Office be commended by letter for their testimony during the trial of this case and letters were directed to them on 5-16-49.

Letters of commendation were not directed to Mr. H. B. Fletcher and Mr. L. L. Laughlin.

Honorable J. Edgar Hoover
Director, Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

I should like to express to you my appreciation of the excellent work of the Federal Bureau of Investigation in connection with the recent prosecution and conviction of Judith Coplon in the District of Columbia.

This case was an unusually difficult one to investigate and every member of the Bureau who participated complied in every respect with the Bureau's high standards of efficiency. In addition, the nature of the lengthy trial was such that the prosecution could not have succeeded without the invaluable assistance rendered at all times by personnel of the Washington Headquarters, particularly Messrs. Howard B. Fletcher, Leo L. Laughlin and Robert J. Lamphere. *Consolidated in Equivocal*

8-7-49
Special Agent T. Scott Miller, Jr., of your New York Field Division, played an extremely important part both in the investigation and during the trial of the case. He was constantly available to the prosecuting attorneys for whatever assistance they requested, and I cannot too highly commend Mr. Miller for his cooperation and for the services he rendered to us.

8-7-49
As you know, Special Agent Leo Gauthier prepared charts illustrating the movements of Coplon and Gubitchev on the three occasions when they were surveilled in New York City by Bureau agents. Oral testimony regarding the circuitious maneuverings of Coplon and Gubitchev was necessarily difficult for the jury to comprehend, and the charts visually demonstrated their actions on the occasions in question in a simple and readily understandable way. Mr. Gauthier's able work in preparing these charts, and his explanatory testimony at the trial, contributed materially to the successful prosecution.

Please let me say that the agents and clerical personnel of the Bureau who testified at the trial conducted themselves without exception in an exemplary manner while on the witness stand.

For your ready reference there is attached hereto a list of such personnel, including those subpoenaed as witnesses for the defense. In addition, as you know, other members of your staff who worked intensively on the case were not used as Government witnesses, some because their testimony would have been cumulative and others because it was unnecessary to introduce evidence regarding surveillances on dates other than January 14, February 18, and March 4, 1949. My commendation and congratulations to you upon their performance is intended to include all of such personnel whether or not their testimony was taken at the trial.

I should like to emphasize that the agents who testified were confronted with a most difficult and trying task. The tactics of defense counsel in cross-examination, and the latitude which the Court allowed him, imposed a heavy and unjustified burden upon every agent. They were asked many questions regarding Bureau techniques and investigative procedures, usually phrased in involved, misleading and often scarcely intelligible language. When the Court consistently required such questions to be answered, notwithstanding vigorous objections by Government counsel, the agents were placed in the position of having to respond frankly or else perjure themselves. I want to say that every agent who was confronted with this situation conducted himself in a manner which meets my hearty approval.

Let me again congratulate you and the Federal Bureau of Investigation, and express my thanks for the cooperation of every member of the Bureau who was connected with the Coplon case.

Sincerely yours,

ALEXANDER M. CAMPBELL

Referral/Consult

I recommended to you that if a Bureau employee was designated for this assignment, Inspector Leo L. Laughlin of the Security Division be selected. You suggested we endeavor to find someone not in the Bureau now.

I would like to recommend that former Special Agent Lyon L. Tyler, Jr., who is presently affiliated with the law firm of Welch, Mott and Morgan be suggested to Mr. Strauss for this assignment. Mr. Tyler entered on duty in the Bureau in a clerical capacity on August 16, 1935 and was appointed to the position of Special Agent on May 15, 1939. He resigned on July 2, 1948 for the express purpose of entering the private practice of law in Washington, D. C.

Mr. Tyler had an outstanding record in the Bureau's service and I feel that he is equipped to handle the assignment that [] has in mind. From March 1942 until July 1947, Mr. Tyler served as a Supervisor in the Security Division and during the war years was Chief of the Espionage Section. From July 1947 to July 1948 he served as #1 Man to Mr. E. A. Tamm. Mr. Tyler has a broad Bureau background and is well equipped to handle the problem presented by []. A permanent brief of his file is attached.

Should you desire to favorably consider Mr. Tyler for this assignment, you will find attached a brief biographical description which you may wish to hand to []

Dear Sir:

The Bureau's attention has been called to a delay which occurred in the transmission to the Investigative Division of a memorandum which had been prepared in connection with the Evald Johnson case based upon information received during the early morning hours of February 6, 1950

Although it has been indicated that the delay in the handling of the memorandum in question may have been due to the handling by you of mail and material on other cases of an apparently more important nature, nevertheless it is deemed necessary to specifically point out to you that appropriate steps must be taken to eliminate any similar delays in the future.

It is expected that it will not be necessary to call a similar matter to your attention again.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Mr. Glavin ✓
 FROM : H. L. Edwards
 SUBJECT: LEO L. LAUGHLIN
 #1 Man to Mr. Belmont
 Security Division

DATE: March 17, 1950

RE: UNIFORM PROMOTION

This employee entered on duty 12-2-35 as a Special Agent in Grade CAF-9, \$3200 per annum. He was dropped from the rolls on 11-23-45 to go on special assignment with the Surplus Property Administration and was reinstated on 4-1-47 in Grade CAF-14, \$8478.75 per annum. As the result of one Uniform Promotion and two basic increases in pay, his present salary is \$9200 per annum in Grade GS-14. He is eligible for a promotion under provisions of the Uniform Promotion Act, effective 4-2-50.

On 3-31-49 Assistant Director Ladd rated him EXCELLENT and said he was loyal, conscientious and hard working. He assumed responsibilities, applied himself on a continuing basis and was most dependable. He had reflected the use of good judgment and had attained the complete cooperation of the personnel with whom he worked, and his practical application to Bureau policy, particularly with reference to the Loyalty Program, had made it possible for the Bureau to meet its obligations in this difficult field.

During an inspection of the Security Division in June, 1949, Inspector Gurnea said Mr. Laughlin presented a good appearance and had a good personality. He gained the impression during the inspection that he was sincere and making every effort to do a good job. As reflected in the inspection report, his duties at the present time were not well-defined in that although he was administratively responsible for the Loyalty and Atomic Energy Sections he was actually assisting Mr. Fletcher by handling much of the mail and supervising specials of all units in the Security Investigative Division. The Inspector believed Laughlin was capable and satisfactorily discharging the duties of his present position.

By letter to the Director dated 8-12-49, Alexander M. Campbell, Assistant Attorney General, commended the FBI for its work on the Judith Coplon case, stating that the nature of the lengthy trial was such that the prosecution could not have succeeded without the invaluable assistance rendered at all times by personnel of the Washington Headquarters, particularly Mr. Laughlin and several other Agents.

By letter dated 2-24-50, he was advised the Bureau's attention had been called to a delay which occurred in the transmission to the Investigative Division of a memorandum which had been prepared in connection with the Evald Johnson case based upon information received during the early morning hours of February 6, 1950. Although it had been indicated that the delay in the handling of the memorandum in question might have been due to the handling by him of mail and material on other cases of an apparently more important nature, nevertheless it was deemed necessary to specifically point out to him that appropriate steps must be taken to eliminate any similar delays in the future. It was expected that it would not be necessary to call a similar matter to his attention again.

RECOMMENDATION: It is recommended that he be passed over at this time and reconsidered in June, 1950, for a Uniform Promotion.

This is to advise that Inspector Laughlin was on sick leave on March 6, 7 and 8, suffering from influenza. He returned to the office on March 9th and was on sick leave for a half day on March 10. During the past week, Mr. Laughlin worked on March 13, 14 and 15. He again went on sick leave on March 16 and to date has not returned to work.

I checked with Mr. Laughlin today and determined that he is still under the doctor's care and the doctor was to call at his house this afternoon. Mr. Laughlin advised that he is now suffering from bronchitis and would keep me advised as to his progress. Mr. Laughlin hoped to be able to return to work on Wednesday, March 22, and will inform me should his doctor recommend otherwise.

Dear Sir:

A recent review by the Bureau of the handling of the Loyalty investigation of William Walter Remington, a Department of Commerce employee, has reflected that the case was very badly handled. It has been noted that certain information received from one of the field divisions and strongly indicating the Communist affiliation of Remington was never furnished to the agencies who received the results of the Bureau's investigation. Furthermore, the above-mentioned information was not even referred within the Security Division to the appropriate section which should have given consideration to further investigation of Remington's activities from the security standpoint.

It was your over-all responsibility at the time in question to see that the Loyalty Section functioned properly and that the cases within its supervision were taken care of in a thorough and efficient manner. It is obvious that such attention was not given the Remington case.

It is desired therefore that in the future you afford adequate direction and training to the personnel under your supervision in order that such errors may be avoided.

Very truly yours,
